

Southern California.

SAN FRANCISCO, Oct. 21.—The indications now are that James R. Gillett, Republican candidate for Governor, will be elected by a large majority in this State.

He has made a record-breaking tour of the south, and everywhere he has been well received. Mr. Gillett will arrive here next Thursday.

There is no doubt but what he will be elected by a handsome majority.

shoes, cash register, truck, etc. etc. can, until Mr. McCray returns, please glass front, about 6 ft. x 1 ft. 6 in. etc.

NEW EVIDENCE AGAINST GRAFT

Honey and Burns in Los Angeles to Gather up the Claws.

(Continued from page one.)

Here are the words of Acting Mayor Gallagher:

"If there is anything wrong or corrupt in the this administration, we want to find it out. Mr. Honey has made statements before reflecting upon the integrity of members of this administration and when called upon to make good he has failed to do so. Personally it is my judgment that Honey will not find anything of any serious nature.

"So far as the police department is concerned no one can tell. I cannot tell. We read and have heard of complaints made by merchants and others against members of the department, but we have never been able to get at the bottom of them. So far as the investigation itself is concerned, the sooner it comes the better. I do not know just what Mr. Honey's attitude will be. He says something about Mr. Spreckels supplying a sum of money for the purpose of unearthing official corruption. Neither Mr. Langdon nor anyone connected with his office ever applied to Mr. Schmitz or myself for funds with which to finance any investigation.

"So far as the administration is concerned from all I know everything is perfectly straight. We have tried to keep in touch with the different departments and there is no department that seems to be apprehensive of this investigation."

ANOTHER INVESTIGATION.

George F. Duffey, president of the Board of Public Works, was emphatic yesterday in his statement that he would make a full and thorough personal investigation of the affairs of his office.

"I can only speak for the time that I have been in office," he said. "During that time, however, everything has been perfectly straight and any investigation of my official acts will be welcomed."

"Of what has gone before, however, I cannot vouch for. I do not know anything about any graft, but I am going to make a personal investigation into the affairs of my own department and will look into the management of affairs of my predecessor, Mr. Macstreet. I am not saying that there was any wrongdoing, but I am simply going to make the investigation in order to satisfy myself. I do not care who I hurt or who I hit in making this investigation. I'll have a clean stable or not at all. At present I am busy cleaning the streets and as soon as that is over I shall begin the investigation."

Police Commissioner Hagerty yesterday championed the cause of his department and stated that the fullest investigation of police affairs was being conducted.

WOULD INVESTIGATE POLICE.

An honorable investigation should be conducted and any parties found guilty of malfeasance should be punished. The Police Department courts are investigating to the fullest extent. I shall do everything in my power to assist the investigators.

BELIEVES HONEY'S READY.

"I believe Honey and Burns are going into this investigation prepared, as Honey was evidently not prepared when he said he could produce evidence that would put Abo Ruef behind prison bars, last November," said F. A. Macstreet, former president of the Board of Public Works.

"I believe they will investigate the entire city administration to the bottom, and if Ruef and Duffey think to create a diversion by directing their efforts to the Board of Works they are very foolish. I am mighty glad to be out from under."

"I believe they will find everything straight in the Board of Works. Let them investigate. The Board of Supervisors and police ought to keep them busy investigating for some time."

"As far as anything that Ruef and Duffey may say about the Board of Works, I do not consider it worth a reply. There was a time when I thought Mr. Ruef's utterances were important, but that time has passed. Abo Ruef has been openly accused of graft. Let him clear his own name before talking of investigating others."

"I am glad I am no longer a member of the administration, for if I were I should consider it my duty to stand up for all branches of the administration—and I don't feel like doing that now."

The members of the Board of Supervisors scoffed at the idea that Assistant District Attorney Honey had secured evidence of bribery in the granting of the overhead trolley franchise to the United Railroads. Here are the opinions of the Supervisors and their views regarding the impending investigation:

SUPERVISOR CHARLES BOXTON—Let them go ahead. I have nothing to fear. In my opinion it is all talk. If they have the evidence they say they have why let them go to it. There is a limit to the defaming of the names of members of the administration and this administration ought to put an end to it.

SUPERVISOR W. W. SANDERSON—I am very glad this investigation is to be made. The papers have been full of accusations against members of this administration. Let them be investigated and an end put to the matter.

SUPERVISOR ANDREW WILSON—I shall be glad to welcome any investigation of my official acts. I never received a dishonest dollar in my life. I do not know what these investigators mean when they say they have evidence of graft. I do not know whether they refer to the Board of Supervisors or to other commissions. I am a respectable man of this community. I am sorry that I cannot say the same of the men behind this investigation movement.

SUPERVISOR JENNINGS PHILLIPS—This investigation will be a good thing. There has been so much talk of graft and so many accusations that

LONG TERMS FOR VAGRANTS

Beggars and Box Car Sleepers Get the Limit in Police Court.

More candidates for the chain gang and rock pile now being started by the police, were furnished by the police judges this morning. The judicial department of the city government desires to work in harmony with the authorities in rounding up the lawless and dissolute and heavy sentences away those who are arrested from now on.

Mike English, a dishonorably discharged government sailor, who wore his uniform when found begging in the public streets by Captain of Police Peterson, was given six months in the city prison by Judge Smith. The court told the prisoner that he would treat him as he has all never-dowells that come before him.

Joseph Caras, who was found sleeping in a box car in the railroad yards, was sent to jail for ten days by Acting Judge Quinn, who also told the prisoner that such as he were to be sent out of town or put behind prison bars.

A young man named George Turner was given sixty days by Judge Quinn. Turner was arrested upon complaint of J. F. Wilson, who claims that the young man was a vagrant. Turner tried to secure money from him and also endeavored to steal a silk handkerchief from him.

Charles Pippenberger, who was arrested last night at Eighth and Washington streets, on a charge of vagrancy, pleaded not guilty in department two of the police court this morning and demanded a jury trial. His hearing was set for January 8, 1907.

It all will be settled once and for all. If Mr. Honey has any evidence I know nothing of its nature nor against what part of the administration it is directed.

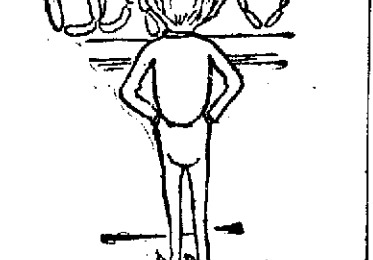

SUPERVISOR JAMES F. KELLY.

I wish them success. If there is any crooked work going on it should be made public. No knowing of any crooked work. I cannot imagine what evidence Mr. Honey has. I sincerely hope that if there is anything wrong it will be unearthed. This, however, is undoubtedly a political move.

SUPERVISOR L. J. PURDY—I do not fear Mr. Honey or Mr. Burns, and that is all I have to say.

SUPERVISOR EDWARD WALSH—As a Supervisor I have tried to do my best. I court an investigation. I do not pay much attention to Mr. Honey's statements. I have been here thirty-seven years and I can hold up my head, as can every other member of this board.

SUPERVISOR THOMAS LONERGAN—A proper and impartial investigation will be a good thing. I know nothing of any evidence that Mr.

An Apology From Mister Bill Skruggs At Heeseman's

Oh! but haint I the sassy thing—so I am going to apologize to Mr. Arnold of THE TRIBUNE cause me and him had a confab yesterday and now I feel all right again—You see it is this way. Newspapers are like clothing stores, have more business than they can swallow and help is a bit shy—(same way here)—Well Mr. Arnold he hired a boy to chase copy; the boy chased it all right but he found another job at forty-nine cents per week more money than THE TRIBUNE dug up, so what does the boy do but go and quit 'em cold, without any notice. Now haint that a shame? Gee, why I have had offers of double the pay I get to quit and sling slush for some body else, but not for WILLIE. I tell you I've got the bestest boss that ever lived. A man who has a heart in him, a man who seems at least to appreciate what his employees do for him (or his money)—a man who buys the right sort of goods and marks them at a fair, honest profit and he never scolds or jaws or says mean things to his help like some people do—No, I won't quit C. J. Heeseman until he says: "Nothin' doin'" and I won't quit cause I like him—but if anybody offers me a bigger salary than I get now I will take him up in the private office and have a silent chat, or say "come through," and he cometh. Well, here's hopin' I won't have no more trouble with nobody, no time.

WILLIE, with

C. J. HEESMAN

BEAUTIFUL COMPLEXIONS

Return this with 50 one-cent stamps or 25 one-cent stamps with the names and addresses of twenty ladies and learn how to have a lovely natural color as long as you live. This method is now being revealed for the first time to the general public. There are no cosmetics, blanches, face powders or other poisons in this. Pimples, blackheads and discolorations disappear forever under this method. Women and girls who wish to be beautiful will be taught the simple laws of beauty, and they will learn how the most beautiful women of Paris, guided and controlled by Master Gypsy and Greek lines, appeared upon the stage played the game of life and carried over their heads before them with their bright eyes and untroubled complexions.

J. L. MCKEY

1115 BROADWAY

HOBOS NOW SHOVEL DIRT

Chaining and Rock Pile in Full Operation Under Police Control.

A chain gang, made up of a dozen prisoners who are now serving time in the city prison, was put to work by the authorities at 1 o'clock this afternoon on the city's park lands near the Eighth street bridge. The prisoners were in charge of Policemen Enigh and McCready. Each of the gang was supplied with a shovel in accordance with the plan to fill the land under and adjacent to the bridge. The gang will be kept at work until all of the dirt is disposed of.

Chief of Police Wilson is now perfecting plans to put the rest of the prisoners to work and within a week all those incarcerated in the prison will be exerting themselves instead of taking it easy in their cells, as has been the case in the past.

The corporation yard at the corner of Fifteenth and Franklin streets will be utilized for the rock piles where a gang of the prisoners will be put to work breaking rock. Authorities are determined to break up crime in this city and discourage the idea of hoboes and vagrants that when they are taken to jail that it will not be all one bright dream.

This morning there were 160 prisoners in the jail which is about twice as many as can be comfortably cared for. It is thought that the drastic measures being resorted to will mean a decrease in the number of prisoners, as many of the hoboes and vagrants are leaving the city already.

The police are turning their attention to the flashy-dressed individuals who hang about the saloons in the Tenderloin, and it is probable that many of them will be arrested and put to work.

Honey can possess. I really know nothing.

SUPERVISOR L. A. REA—I welcome an investigation. I do not know Mr. Honey personally. I've heard of him. I invite an investigation. I am not ashamed of anything I have ever done.

SUPERVISOR MICHAEL COFFEY—Nothing would afford me more pleasure than to have them investigate my integrity and my official acts. I hope they'll make a full and thorough investigation and let us all of the slurs that have been cast upon us.

SUPERVISOR S. DAVIS—I think there is nothing to this whole thing. If Mr. Honey can find out anything let him do it. It is hard to have insinuations cast at you. My personal conviction with the administration has been straight.

SUPERVISOR PATRICK MCGUSHIN—The more they investigate the better I shall like. Speaking for myself I am at Honey's disposal at any time. He can investigate me or my bank account at any time.

SUPERVISOR F. P. NICHOLAS—There has been so much noise about graft that it will be a good thing to go thoroughly into the matter. Personally I court an investigation of my official acts. If Mr. Honey has any evidence of corruption I know nothing of it.

SUPERVISOR DANIEL COLEMAN—These loud cries of graft that have been current of late will be silenced through this investigation. It should be thoroughly gone into so that the purity of the administration cannot hereafter be questioned.

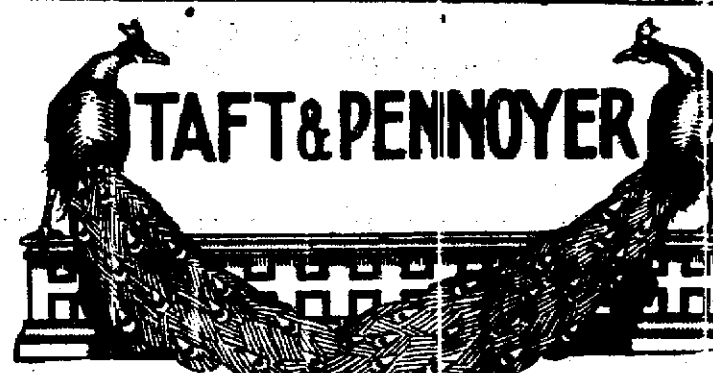

SUPERVISOR MAX MAMLOCK—I do not think it is worth my pride to think about this investigation. I do not see where Mr. Burns or Mr. Honey could get any evidence of graft.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain-Balm acts on the same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain-Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by Osgood Brothers, Broadway, corner Seventh, and Washington, corner Twelfth.

STOCK MARKET WAS GENERALLY STEADY

NEW YORK, Oct. 22.—Stocks were under Stock Exchange and fractional decline were recorded in all parts of the list. Colorado Fuel and Anthracite were conspicuous exceptions and gained a point each. Canadian Pacific declined 1/4. United States Rubber 1/4, and Louisville & Nashville, Pennsylvania and Sugar large fractions. Dealings were on a moderate scale only.

Stocks were offered more freely after trading had gotten well under way, notably in United States Steel, blocks of 5000 shares being sold at each 1/4 down until it reached 47 1/2. Prominent railroad stocks offered little resistance to the pressure, but the industrials were not particularly weak. Consolidated Gas yielded 1/2. St. Louis & Southwestern preferred 1/2. St. Paul 1/2. Louisville & Nashville 1/2. Reading and Smeltling 1/4, and Great Northern preferred 1/4. Reading, St. Paul, Union Pacific, Northern Pacific, Canadian Pacific, Smeltling and Distillers' Securities 1/2. Smeltling gave up 1/2 and the market became quiet at a slight recovery. Fullman moved up 1/4.

Prices gravitated in the second hour to a lower level under light offerings, with no sign of effective support. Losses of a point or upward became general in the active list. Anaconda fell 1/4. Reading, St. Paul, Union Pacific, Northern Pacific, Canadian Pacific, Smeltling and Distillers' Securities 1/2. Smeltling gave up 1/2 and the market became quiet at a slight recovery. Fullman moved up 1/4.

Additions were made here and there to the previous losses after midday, but the general market showed more steadiness though recoveries were small. The loss in Reading reached 1/2. Great Northern preferred 1/4 and Pacific & Eastern 3/4. National Biscuit moved up 1/4.

EVERETT J. BROWN IS INDORSED BY THE BAR

**Candidate for District Attorney Has
Made an Excellent Record
in Office.**

TO THE VOTERS OF ALAMEDA COUNTY: The undersigned attorneys, practicing before the bar of Alameda county, realizing that the important office of District Attorney of this county demands an able, fearless and experienced man; and believing that Everett J. Brown, at present a Deputy District Attorney, has demonstrated during the last four years that he is such a man, here-with endorse and advocate his candidacy for District Attorney. We believe Mr. Brown has proven himself to be of unquestioned integrity, and courageous and energetic in the performance of his duties, and that his election as District Attorney will be a well-deserved promotion and recognition by the people of this county of an able and conscientious officer:

THUG DEMANDS JEWELRY AND THEN RETURNS IT

ALAMEDA, Oct. 23.—The remarkable coolness of Miss Lena Hassaghen when confronted by a highwayman wearing a black mask saved her from losing a valuable gold ring and a chateau bag last night when the man, after following the young woman from East Oakland, compelled her to deliver over her purse containing \$2.

Miss Hassaghen, who resides at the fellow residence at the corner of Everett street and Blanding avenue, was returning from a visit to some friends on the north side of the estuary, as she neared the Park street bridge she became conscious that she was being followed, but her quickened steps were not able to carry her away from the footpad.

As she neared the Alameda side of the bridge the man caught up with her and told her to give him her purse. It was in the bag and the young woman turned it over. The robber then took her hand and examined a ring on one of her fingers.

"You don't want that. It's only a keepsake and I would like to keep it," said the young woman.

"Well, I guess you can," laughingly responded the highwayman.

SIMPSON'S TRIAL

(Continued From Page 1)

where near the man. Schmidt, he said, was in the house. "If he chooses to remain in the house for six months, must the prosecution wait that length of time before going on with the case? I want the defense to have that testimony, if it is what they say it is, for they are then entitled to it."

MAY BE BENCH WARRANT.

Here the court took a decided hint in the proceedings, and announced that very apparently Schmidt was avoiding service, and that if an affidavit was presented to him that a subpoena had at one time been served, he would furnish the means of getting at the man, referring of course, to a bench warrant. Attorney Church at once agreed to make the affidavit and the necessary paper was issued by the court, the case being continued until 10 o'clock Thursday morning.

OFFERS TO ADOPT CHILD.

After the court had adjourned, Miss Davis, with her mother and the baby, had an informal reception in the dis-

"You might take my purse out of that bag and give me what you don't want," Miss Hassaghen then protested. The request met with the prompt turning over of the chateau bag and after caressing the young woman to go home immediately the obliging robber disappeared toward Oakland.

The young woman went to her home and reported the matter to the police about thirty minutes after. An officer was sent to the home to gain a description of the man but the young woman, who proved herself so cool while the highwayman was near, failed to notice what he looked like. She declared that the man was wearing a mask of dark goods and a dark suit and soft dark hat.

EDSON DEAD.

GAZELLE, Oct. 23.—E. B. Edson, a former railroad commissioner who, four years ago sought the Republican nomination for governor, died today at his home in Gazelle. He had been ill for some time and had failed rapidly during the past week. He was unconscious for several hours before his death.

M'NULTY TRIAL IS CONTINUED TO MONDAY

The trial of former Deputy County Clerk Lester McNulty for an alleged attack on Miss Dorothy Olson, was continued by Judge Harris this morning until next Monday, October 25, because of the absence of Judge Fitch, who was appearing in the United States courts in San Francisco, in the trial of P. J. Harrington, for the alleged misappropriation of government funds.

MARRIAGE LICENSES.

The following marriage licenses have been issued: Conrad Lehmann, 25, Minn. and Maria A. Porritt, 21, Oakland; Julius Behrmann, 28, and Bertha Neumann, 23, both of Oakland; William G. Sile, 37, Rocky Mount, North Carolina, and Caroline R. Jones, 25, Berkeley; Charles E. Hernandez, 21, Oakland, and Marie Johnson, 19, Alameda; Howard Flint, 31, Point Richmond, and Dora A. Schofield, 27, Alameda; Edgar Rickard, 32, Berkeley, and Abbie Church, 21, Oakland; Manuel Brozzi, 25, and Mary A. Silva, 23, both of Oakland; Ernest H. McDonald, 25, Oakland, and Maude C. Scott, 23, Alameda; John H. Nicol, 38, and Addie McNight, 43, both of Oakland.

IT'S ALL A BLUFF.

In discussing the case with a TRIBUNE reporter this morning, Deputy District Attorney Hynes said: "Of course, they haven't tried to get this fellow. Isn't that evident enough? This is all a bluff, but I am going to make them bring him into court and see what he has to say."

"If this girl has not loved a proper life before her association with Senator Simpson or has been unduly intimate with Schmidt before knowing the senator, why I don't want to send him to jail. And you wouldn't want me to, either."

It was rumored around the corridors of the court house this morning that Schmidt had threatened to leave the State and would do so if necessary to avoid in service of the subpoena.

TINY MOUSE; 300 WOMEN SCREAM; MASONIC MUSICALE PANDEMONIUM

WHAT HAPPENED WHEN A MOUSE GOT LOOSE AT AN ALAMEDA ENTERTAINMENT.

Matrons and Maids Seek Safety on Chairs Until Hero Appears and Slays Invader—Tin Medal Given Him as a Reward For His Bravery.

ALAMEDA, Oct. 23.—A wee tiny mouse created a panic at a musicale given by the Royal Arch Masons Saturday night in honor of the ladies of Carra Chapter.

A large number of women were at the concert for three hundred, and the delightful program was drawing out spontaneous applause. In the midst of a violin solo, a mouse appeared in the middle of the floor, and a woman suffering from a severe case of stage fright, in response to the question as to whether he had an opinion as to the guilt or innocence of the accused, replied that he had formed an opinion on the subject. In response to another question from the same attorney as to whether there was anything in Kemp's mind that made him feel he ought to be on the jury, Kemp said that he did not think he could enter the jury without a previously formed opinion. Kemp was preemptorily excused by Judge De Haven.

C. W. Coburn, a merchant of San Francisco, was accepted by both sides.

Isaac Grant of San Francisco was peremptorily excused by the defense.

H. E. Whipple of Alameda was asked among other things whether, if it was shown that some funds of the government had disappeared, but that it had not been proven that the defendant had taken them, he would return a verdict of guilty, and gave an answer in the negative. He was accepted.

J. T. Pisk of Oakland was excused by the defense.

T. J. Murphy of San Francisco was accepted.

F. Kneble of the Cave saloon on Eleventh street between Broadway and Washington street, was excused by the defense. He testified that he knew the defendant was intimately acquainted with him.

D. T. Jameson of Alameda was satisfied with the jury.

J. M. Taft of the dry goods firm of Taft & Penneyer Oakland, was excused by the prosecution.

Charles Woodruff, a furniture dealer of San Francisco, was excused by the defendant's counsel.

Charles Bauch of 911 Washington street, Oakland, was excused by the defense.

Hugh Keenan of San Francisco was accepted.

That completed the jury.

Deputy District Attorney Hynes made the opening statement to the jury. He said among other things that the Government would show that the accused was a person of bad character, and that he had been short in his accounts in the winter of 1899, that the shortage had been discovered by a Government in-

pector, that Harrington had been present during the examination of the books and made no admission of the shortage until the inspector had told him that he thought there was a discrepancy. The inspector had asked Harrington, Clark said, how much money his department had in bank and that Harrington said that he thought there was about \$200 there. The inspector said he figured out that the sum could not be greater than \$1000.

On cross-examination, witness stated that Harrington's assistants were Mollie Schaffer and Mrs. Tucker. There had been an increase in the business of the office, but the money-order department had not increased in assistance. Fitch asked if it were not a fact that assistance had been asked for but Mollie Schaffer had said that no assistance was not required. The witness testified that the government and the objection was sustained. The witness then stated that Mollie Schaffer turned in a report every evening. He held the head of every department responsible and held conference with them every morning. Witness was then excused and Mollie Schaffer, assistant to Harrington, was called.

POSTMASTER ON STAND.

T. T. Dargie was sworn and testified he was the postmaster at Oakland. He said that Harrington was the money-order clerk at the postoffice. He identified the bankbook used in the office. He testified that the Central Bank was acting as a clearing-house, and every morning brought to the postoffice the money-orders which had to be paid. Witness said that he made a check for the amount on the Union National Bank in favor of the Central Bank.

On cross-examination, witness stated that Harrington's assistants were Mollie Schaffer and Mrs. Tucker. There had been an increase in the business of the office, but the money-order department had not increased in assistance. Fitch asked if it were not a fact that assistance had been asked for but Mollie Schaffer had said that no assistance was not required. The witness testified that the government and the objection was sustained. The witness then stated that Mollie Schaffer turned in a report every evening. He held the head of every department responsible and held conference with them every morning. Witness was then excused and Mollie Schaffer, assistant to Harrington, was called.

the frightened women ringing in his ears, the worthy patron of Carra Chapter, David Martin, grabbed the disturber in his hands and killed it. The musical program went on, while the ladies blushing resumed their seats. Later in the evening Martin was presented with a large tin medal by E. K. Taylor. Some of the members of the chapter accused Martin of bringing the mouse to the entertainment, but he stoutly asserted his innocence, and exhibits his large tin medal to prove courage.

VALLEJO, Oct. 23.—Four prisoners escaped from the Solano county jail at Fairfield last night by digging under their cells and crawling through the aperture they made. The escaped men are George W. Hull, Arthur Wise, Henry Dunn and E. Davis. The two former, who are suspected of being Pastors with criminal records, were serving four months sentences for petty larceny, having had their charges reduced from burglary. Chief of Police Stanford of this city regards them as being dangerous. They came here from San Francisco.

Dunn and Davis were in jail for petty offenses. There is no clue to the whereabouts of the men.

SAN RAFAEL, Oct. 23.—The fierce fire which has been raging for two days over the wooded portions of Marin county, near Camp Taylor, is now under control. It was announced this morning that the efforts of the fire fighters had proven successful, and that the progress of the flames had been checked.

The fire, which was evidently started by campers, burned over a territory of about 500 acres and destroyed much valuable timber besides destroying livestock, ranch houses and grain. It approached very close to Camp Taylor.

WOULD-BE SUICIDE IS NERVOUS WRECK

Detained in the city prison, awaiting an investigation of his record, Victor Ellsworth, the man who attempted to end his life yesterday morning on a sidewalk at the corner of Fifteenth street and San Pablo avenue, lies on his cot suffering from nervous prostration. His wounds, self-inflicted, were not of a serious nature, but the prisoner is suffering from shock and is in a pitiful condition. He became so ill this morning that it was necessary to call a physician, who diagnosed the case as one of nervous shock. Ellsworth cannot explain why he fired the shots in an endeavor to end his life. He thinks, though, that his act was committed while he was in a catatonic state, and has been placed in the life of W. J. Lancaster in whose store he purchased the weapon.

SHIP ARABIAN IS LONG OVERDUE

NEW YORK, Oct. 23.—No news was received yesterday from the British steamship Arabian, which is now several days overdue at San Juan, P. R. Norton & Co., the agents here, say they believe that the ship is all right and will soon appear. The Arabian, besides a miscellaneous cargo, carried \$2,000,000 in gold and seventy men. On her way from Buenos Ayres for New York she stopped at St. Lucia, where she made a stop of several days. After the Arabian sailed from St. Lucia a hurricane tore across the Caribbean sea, and there is some fear that the ship was caught by it.

MARIN COUNTY FIRE STAYED

SAN RAFAEL, Oct. 23.—The fierce fire which has been raging for two days over the wooded portions of Marin county, near Camp Taylor, is now under control. It was announced this morning that the efforts of the fire fighters had proven successful, and that the progress of the flames had been checked.

GILLETT'S RECORD ON THE EIGHT-HOUR LAW

**Republican Candidate Has Always
Stood Right on the Question of
Working Hours.**

Both in the State Legislature and in Congress, Mr. Gillett has always supported every eight-hour law.

With reference to the charge made by President Gompers of the Federation of Labor, that he had opposed such legislation, the official records show that Mr. Gillett was absent, sick, at the time the matter came to a vote before Congress, and was paired with another member as an absentee.

In any event, the eight-hour law to which Mr. Gompers refers, applied only to alien labor on the Panama Canal. Investigation showed that its passage would mean a cost of \$50,000,000 more to the American people besides very protracted delays in construction. This would have been playing into the hands of the railroads and other corporations interested in preventing or impeding the building of the needed waterway.

NOVEMBER 29 CHOSEN FOR DAY OF THANKS

WASHINGTON, Oct. 23.—The President today issued a proclamation naming November 29 as a day of thanksgiving.

WIFE SEEKS HUSBAND AND YOUNG DAUGHTER

For about five months, August E. Herbst and his daughter, Gladys, aged 11 years, have been missing and an anxious wife and two little sons now await his coming at their home in Santa Rosa. The local police have just been asked to locate the missing man.

June 25 last, Mr. and Mrs. Herbst along their three children were walking along Broadway, when at the corner of Twelfth street they became separated and since that time Mrs. Herbst and the two little sons who stayed with her, have not heard from the missing man and his daughter. At that time the Herbsts were living on the Red-

wood road in Fruitvale, having come from San Francisco after the fire. Mrs. Herbst made inquiry for her missing husband and daughter, but never reported their disappearance to the local police. She went to Santa Rosa, to reside with friends.

Herbst is described as being 35 years of age, six feet in height, smooth shaven, with jet black hair, a fair complexion, blue eyes, dark eye lashes and a fine set of teeth.

The daughter has curly brown hair and brown eyes. She is large for her age.

It is thought that Herbst planned a deliberate desertion, taking with him his favorite daughter, whom he probably told of his intentions.

6 CHILDREN.

(Continued from Page one.)

whether the fact that Harrington had been indicted was in his mind a presumption of guilt, and replied in the negative. Attorney Frick was satisfied with Campbell but Deputy District Attorney Black preemptorily excused the witness.

H. P. Kemp, a real estate man of Oakland, in response to the question as to whether he had an opinion as to the guilt or innocence of the accused, replied that he had formed an opinion on the subject. In response to another question from the same attorney as to whether there was anything in Kemp's mind that made him feel he ought to be on the jury, Kemp said that he did not think he could enter the jury without a previously formed opinion. Kemp was preemptorily excused by Judge De Haven.

C. W. Coburn, a merchant of San Francisco, was accepted by both sides.

Isaac Grant of San Francisco was peremptorily excused by the defense.

H. E. Whipple of Alameda was asked among other things whether, if it was shown that some funds of the government had disappeared, but that it had not been proven that the defendant had taken them, he would return a verdict of guilty, and gave an answer in the negative. He was accepted.

J. T. Pisk of Oakland was excused by the defense.

T. J. Murphy of San Francisco was accepted.

F. Kneble of the Cave saloon on Eleventh street between Broadway and Washington street, was excused by the defense. He testified that he knew the defendant was intimately acquainted with him.

D. T. Jameson of Alameda was satisfied with the jury.

J. M. Taft of the dry goods firm of Taft & Penneyer Oakland, was excused by the prosecution.

Charles Woodruff, a furniture dealer of San Francisco, was excused by the defendant's counsel.

Charles Bauch of 911 Washington street, Oakland, was excused by the defense.

Hugh Keenan of San Francisco was accepted.

That completed the jury.

Deputy District Attorney Hynes made the opening statement to the jury. He said among other things that the Government would show that the accused was a person of bad character, and that he had been short in his accounts in the winter of 1899, that the shortage had been discovered by a Government in-

pector, that Harrington had been present during the examination of the books and made no admission of the shortage until the inspector had told him that he thought there was a discrepancy. The inspector had asked Harrington, Clark said, how much money his department had in bank and that Harrington said that he thought there was about \$200 there. The inspector said he figured out that the sum could not be greater than \$1000.

On cross-examination, witness stated that Harrington's

kinds of glass into a single lens which give clear distance and reading vision at once, yet we do it in the Kryptok lens.

There has been a complete change of opinion and few people can now be induced to buy two pairs of glasses or the old style double glass with the injurious and unseemly patch on it. Only from our six stores.

Oakland
121 Fremont, San Francisco,
Berkeley, Alameda, Stockton

Candidacy of Judge Kerrigan.

No better nomination than that of Judge Frank H. Kerrigan for associate justice of the Appellate Court of the First District could possibly have been made. Judge Kerrigan is a native of the State. He is well grounded in the law, and has had large experience before the bar and on the bench, having begun the practice of the profession twenty years ago in the office of the late Colonel E. F. Preston who was then and up to the time of his demise classed among the leading lawyers of the State.

Judge Kerrigan was first elected a justice of the peace in San Francisco twelve years ago. He was twice re-elected, serving six consecutive years in that position. Six years ago he was elevated to the Superior Court bench. As an evidence of his great popularity, it is enough to state that he was elected then by a majority of almost two to one over the votes cast for his opponent. Two years ago he was again a candidate for the same position, and, although he had only the Republican endorsement, he was a close second among eight candidates for the office.

As a candidate for Associate Justice of the Appellate Court, Judge Kerrigan is seeking the suffrages of the voters of Alameda county, which is included in the district. He has the strongest claim for popular support any man in his position can possibly advance, for his judicial record is absolutely without a blemish. His judicial experience has been, moreover, broad and varied. For the past few years he has been in charge of one of the probate departments of the Superior Court in San Francisco, and in the discharge of his duties he has rivaled Judge Coffey in the fidelity with which he has safeguarded the interests of the widows and the orphans. During the past two years Judge Kerrigan has, indeed, presided at trials that will rank for all time in the history of the California bar as memorable cases. The most notable of these was the recent contest over the will of Samuel Davis, whose trial covered a period of five and one-half months. The contest over the Alexander Yoell will was also another famous trial had before him.

In every case tried before him Judge Kerrigan has exhibited the judicial quality in an eminent degree. Fairness and ability have marked his judicial career. He is just the kind of man who should be seated on the Appellate bench. As there are two positions to be filled on this bench at the coming election, the voters of Alameda county will doubtless give their undivided support to Judges Hall and Kerrigan. No worthier two can be named, in fact, in whose hands to entrust the administration of law and justice in the First Appellate Court.

The charge that the United Railroads Company of San Francisco obtained the franchise to change the motive power of its lines from underground cable to overhead electric trolley through the use of a large corruption fund comes rather late in the day. The public generally know that the change was made as a public necessity and that if it had not been allowed and the corporation had been required to repair the wrecked cable conduits, the system would not be in operation today.

A Remedy for Chronic Indolence.

The revival of the chaingang in this city is doubtless a measure which will go far toward solving the problem of disposing of the horde of good-for-nothings—those who neither weave nor spin—who were attracted here during the time when relief was being gratuitously extended to the San Francisco refugees, and who have since fastened themselves on the community. Incidentally it will also help to relieve the community of the criminal element which has been operating here so extensively since the San Francisco calamity, for this lawless element is unquestionably recruited from the ranks of those who live on the bread of idleness.

Compulsory labor is the only cure for chronic indolence. If the hand of charity were withdrawn in every household throughout the land for the relief of the able-bodied man who solicits alms, until he had earned the equivalent of the charity solicited by wholesome manual labor, the tramp problem would be quickly solved. If it were only once impressed upon the mind of the professional tramp that he could not get food anywhere for the mere asking of it, but that he would have to earn it by actual work, he would probably return to ways of industry whereby he could secure something better than a bare living. To professional tramps the jail has no terror. Indeed, the fraternity flock to the towns and the cities of the State during the winter season, because, everything else failing, they can fall back on the jail for shelter and fare as common vagrants. To be "vagged" is no disgrace to the tramp, for he has no pride to be humiliated.

The chaingang will, however, make this city uninviting quarters to the tramp brotherhood and that class of criminals with which tramps habitually fraternize. It will help to relieve the parks also of those lazy, able-bodied loungers who sleep regularly through the day on some soft, warm and sunny spot on their lawns, instead of accepting the opportunity, which is to be had on every hand, to earn a good living by honest labor. There is good reason to believe that many of the criminals which are infesting the bay cities at this time will be found among this class of day loungers, for their habits prove conclusively that they are, in one way or other, street walkers and prowlers through those hours of the night when honest people are under cover and at rest. Every healthy, sturdy, able-bodied man, therefore, who is caught sleeping during the day time on the park lawns and who cannot give a satisfactory account of himself, should be rounded up by the patrolmen of the police force and booked as candidates for admission to the chaingang.

It may be true that graft is prevalent in administration circles in San Francisco; but it would be more becoming for some one other than Francis J. Heney to say so. The people of that city have not forgotten that he made sweeping charges of graft on the eve of the last municipal election which he said positively he could prove, and that when he was promptly challenged to produce the proof he failed to do so and crawled back by admitting that the statement was based on irresponsible hearsay. When Heney made the charge of wholesale corruption on that occasion he talked to the gallery for political effect; but it worked like a boomerang, and he hastened to get out of the State to avoid the possible unpleasant consequences of hasty speech. The question now is natural: Is Mr. Heney making his present sweeping charges of administration graft on the same kind of a foundation as before? If so, the result is liable to be the same as before. When a public man is once caught in the act of making a rash and baseless statement whose purpose is to degrade some one else at the time in the public eye, a cloud of doubt and suspicion clings to everything which he may say on a kindred subject thereafter.

Football Forms on Trial.

Football is much in evidence at present as the High School and college field sport. The brutalities for which "intercollegiate" was responsible having proved its own undoing, the big educational institutions located east of the Rocky Mountains are passing through an experimental season with a revised form of the game. It was promised by those who revised "intercollegiate" that it had been modified so that it was relieved of the objectionable features and would commend itself to players and spectators as a snappy, open game, from which the dangerous elements embodied in mass plays had been eliminated practically in toto. It was, therefore, assumed that the faculties of the universities who had condemned "intercollegiate," as formerly played, would heartily approve the revised game. On the western side of the Rocky Mountains—that is, in the Universities of California, Stanford and Nevada—intercollegiate football has been abolished as a college sport, and we have English Rugby introduced as a substitute.

Both of these forms of football are now on trial. Most of the professional college coaches, trainers and managers who drew large revenues on this coast from intercollegiate football have not taken kindly to the innovation of Rugby. Speaking plainly, with the exception of the California coach and his assistant, both of whom are old Rugby players, these professional coaches and their numerous salaried assistants are not dealing honestly with Rugby. They have started a propaganda among the High Schools of the State to continue the cultivation of the condemned "intercollegiate." The purpose of this propaganda is plain. If "intercollegiate" can be kept alive in the preparatory schools the prospect will be good for the perpetuation of the easy and highly remunerative jobs of the professionals, inasmuch as those entering the universities in future from these preparatory schools will keep up the insane agitation for the restoration of intercollegiate football with all its old time brutalities as a college sport. High School authorities should take a firm stand in the matter and follow the lead of the universities by prohibiting "intercollegiate" as a preparatory school field sport and thus put an end to the mercenary propaganda.

So far as the experience with revised intercollegiate football is concerned in the Eastern preparatory schools and colleges, the evidence is strong that the brutalities which figured so conspicuously in it before revision have not been eliminated. The season has only just begun, and such matches as have been played by Eastern college teams as practice games for the principal events of the year have been accompanied with the usual quota of casualties which started the agitation against intercollegiate football in its old form. Several deaths have already been recorded on Eastern gridirons as the result of the toleration of the mass plays, in which the opportunities for all manner of foul tactics occur. Accidents are liable to occur in nearly all kinds of field sport where courage and endurance are put to a test; but a college field sport, in which there is abundant opportunity for maiming and killing rivals in the game, cannot commend itself as worthy of encouragement for the physical or mental improvement of the students. And no field sport can be said to be worthy of encouragement in any college whose chief tendency is to develop the brute in the man.

So far as the universities in this State are concerned, the mistake which has probably been committed is to adopt a form of Rugby which has seen its best days in the land of its birth and is now losing ground in public favor, and not taking up that form of football which has displaced Rugby in popularity, a sport in which all of the play is open and the detection of fouling in any form is easy. This is the status of association football, popularly known as "soccer" in Great Britain. The mistake made is conspicuously in evidence when it is considered that every member of the student body is capable of participating in the sport, and that, like lacrosse and baseball, it is full of life and inspiring situations.

The foolish objection is being raised against Rugby and association football that they are of English origin. The fact is being overlooked that intercollegiate football was evolved from Rugby, just as baseball was evolved from English rounders. Baseball, it should be said, is admittedly a great improvement on rounders, because more science has been engrafted on the parent sport, and it, therefore, requires more skill to play it. But while Rugby is a more rational game and comparatively free from the perils which beset the playing of intercollegiate, it has lost ground in its home country because a more active and spirited game—one more spectacular from the spectator's standpoint and more invigorating to the players—has crowded it to the wall. There was last year a temporary revival of Rugby in Great Britain owing to the advent there of the champion team of New Zealand, which, until it met the Welsh champions at Cardiff, was invincible; but the New Zealanders became converts to the belief that Rugby would be displaced by association football in the near future in New Zealand itself. However, inasmuch as Rugby has been adopted by the faculties of the universities in this State and in Nevada as the college game, it should be given a fair and impartial trial and, if it does not prove the success its friends expect it to attain, it will be time enough then to substitute the more active soccer game for it. In the meantime, the clubs in amateur leagues are proving the value of "soccer" as a field sport for youths and gradually introducing it to favor in the eyes of the public and among the boys attending the preparatory schools and the undergraduates in the universities. It is a perfectly sane game, and needs only to be received without prejudice to win its way into public favor.

The September output of the Rand gold mines of the Transvaal is estimated at 510,000 ounces of gold, a new high record. The August output was 509,115 ounces. With the estimated production for September included, the output thus far in 1906 has been 4,167,357 ounces, as compared with 4,897,221 ounces in the whole of 1905. In 1904 the output was 3,771,672 ounces, and in 1903 it was 2,953,749 ounces. If the output of the last quarter of the year preserves the ratio of the preceding nine months, the total yield of the Rand at the close of 1906 will approximate \$110,000,000.

The women employed as ticket sellers at the Prussian railway stations have been superseded by men because they possessed an excess of "nerves," were disposed to quarrel, and the quarrels were usually followed by attacks of hysterics and weeping. They are also said to have been too snappy with ticket purchasers. The general effect of these conditions was a serious disorganization of the service. The displaced clerks have been transferred to the government telegraph and telephone offices, where their "nerves" are expected to be subject to less irritation.

A vast area east of the Rocky Mountains, from the Gulf of Mexico to the Canadian line, is at present in the embrace of a fierce blizzard and snowstorm, while this State is basking in comfort in what would be regarded in most parts of the earth as charming summer weather. The lines of Californians have indeed fallen in pleasant places.

THE GREAT SALE at the ELITE TAILORING CO. of Oakland

Has commenced as previously advertised. This comes about by our great purchase of 25 full pieces of English Blue Indigo Serge, and numerous fancy worsteds, that were made to order by Bartram, Harvey, Brown & Co. of Bradford, one of the most famous mills of England. They were made for a large tailoring firm of San Francisco, but owing to the great fire they were unable to receive them. The goods were lying here subject to the order of the Mills, and as there is no other tailoring firm on the Coast big enough to handle such a large quantity, and in order to save the expense which would entail in shipping those goods back, they asked the ELITE TAILORING CO. to make them a bid for the whole lot. We have done so and our offer was accepted at a ridiculously low figure.

The wideawake ELITE TAILORING CO. never misses an opportunity in giving their customers and the public at large the benefit of low prices and good goods. We concluded that this is the best opportunity in doing so by raking new friends and new customers, and therefore offer those fine Blue Indigo Serges at the ridiculously low price made to order for \$25 the suit, which, taking into consideration the high price we have to pay for labor, is much cheaper than buying a ready made suit.

Elite Tailoring Company. 1071 Broadway, Oakland

PAIR RIDER THROWN FROM SPIRITED HORSE

ALAMEDA, Oct. 22.—While riding her spirited horse along Park street yesterday morning, Miss Hilda van Sicken, the daughter of F. W. van Sicken, was thrown to the ground by her horse slipping, but escaped injury. Miss Van Sicken was aided to her feet by spectators, but was able to mount the horse without any assistance. The mishap occurred just after the street had been watered.

Makes Work Easier

Oakland People Are Pleased to Learn How It Is Done.

It's pretty hard to attend to duties with a constantly aching back; With annoying urinary disorders. Doan's Kidney Pills make work easier. They cure backache. They cure every kidney ill.

E. M. Fraser, of 2225 Dupont ave. Berkeley, Cal., says: "Doan's Kidney Pills did me a great deal of good. They relieved a backache which had troubled me off and on for quite a while. It was not so bad that I could not go to work but the dull, aching in the small of my back robbed me of energy. One box of Doan's Kidney Pills entirely relieved me at that time, and I have not had a return of the trouble since." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

SOCIETY

WEDDING NEWS OF THE DAY

Gossip of Several Interesting Events About the Bay.

The marriage of Miss Edna Montgomery and Lieutenant Edward Sturges took place last Sunday evening at the home of the bride's parents in San Francisco. The wedding was hastened owing to a recent order which Lieutenant Sturges received to proceed at once to Kansas. The wedding was simple in detail and the ceremony was attended only by relatives and a few friends.

The couple left for the East yesterday.

Mrs. Sturges has been one of the most popular brides of the winter and has been the center of many social favors since the announcement of her engagement several months ago. She will be missed by friends on both sides of the bay.

A WEDDING.

The wedding of Miss Gladys McCune and Midshipman Nelson H. Goss, U. S. N., whose engagement was announced last week, was quietly celebrated today in the presence of a few intimate friends.

WEDDING CARDS.

Cards have been received announcing the marriage of Rev. Alexander Allen, rector of St. Paul's Episcopal church, and Anna Louise Wood, daughter of Mrs. Archibald Wood of Millbrook, Ontario, Canada. The couple will return shortly to Oakland and the parishioners of the fashionable Episcopal church are planning an elaborate reception for the clergyman and his bride. The ceremony took place October 17 at the home of the bride, Rev. Alexander Allen came to California from Springfield, Ill. He is a scholarly man and has won high place in the regard of the church membership. Mrs. Allen is a graduate of Trinity College, Toronto.

BRIDGE PARTY.

Mrs. Richard Lyman will be hostess Thursday at the first of a series of card parties. Among the guests bidden for this occasion are Mrs. Fred Hathaway, Mrs. T. A. Crellin, Mrs. Frank Brigham, Mrs. W. H. Morrison, Mrs. Fred Cutting, Mrs. J. G. Allen, Mrs. Harry Knowles, Mrs. Hayward Thomas, Mrs. Charles Houghton, Mrs. Egbert Stone, Mrs. Terry, Mrs. Louise Atlander, Mrs. Lillian Brown Evans, Mrs. Edward Walsh, Mrs. John L. Howard, Mrs. Robert S. Knight, Mrs. Horry Meek, Mrs. Will Meek, Mrs. Frank L. Brown, Mrs. N. A. Acker, Mrs. Minor Goodall, Mrs. B. F. Weston, Miss Minnie Wilcox.

AFTERNOON TEA.

Mrs. Frank Glass has invited thirty guests to an informal affair tomorrow for Mrs. Norman Miller.

Among those bidden for the afternoon are Mrs. Miller, Mrs. Ralph Phelps, Mrs. Bell, Miss Harvey Anthony, Miss Viola Brainerd, Miss Wyckson, Miss Wintlingham, Miss Fanny Pray, Mrs. Horatio Stoll, Miss Eleanor Wooster, Mrs. Edwin Blake.

INTERESTING FACTS

For Nearly Every Man, Woman or Child.

A short time ago we published an article recommending to our readers the new discovery for the cure of Dyspepsia, called Stuart's Dyspepsia Tablets, and the claim then made regarding the wonderful curative properties of the remedy have been abundantly sustained by the facts. People who were cautioned in the newspapers and were finally induced to give Stuart's Dyspepsia Tablets a trial were surprised and delighted at the results. In many cases a single package costing but 50 cents at any drug store made a complete cure and in every instance the most beneficial results were reported. From a hundred or more received we have space to publish only a few of the latest but assure our readers we receive so many commendatory letters that we shall publish each week a fresh list of genuine, unsolicited testimonials and never publish the same one twice.

From James Yenneisler, LaCrosse, Wis.: Stuart's Dyspepsia Tablets are doing me more good than anything I ever tried, and I was so pleased at results that I gave away several boxes to my friends who have also had the same benefits.

From Jacob Anthony, Portmurray, New Jersey: I have taken Stuart's Dyspepsia Tablets with the best results. I had Dyspepsia for six years, and had taken a great deal of medicine, but the Tablets seem to take right a hold and I feel good. I am a farmer and lime burner and I heartily recommend to everyone who has any trouble with his stomach to use these Tablets.

From Mrs. M. K. West, Preston, Minn.: I have received surprisingly good effects from using Stuart's Dyspepsia Tablets. I gave one-half of my last box to a friend who also suffered from indigestion and she had the same good results.

Stuart's Dyspepsia Tablets are a certain cure for all forms of indigestion. They are not claimed to be a cure-all, but are prepared for stomach troubles only, and physicians and druggists everywhere recommend them to all persons suffering from Nervous Dyspepsia, sour or acid stomach, heartburn, bloating or wind on stom-

MRS. EDWARD STURGES, formerly Miss Edna Montgomery, whose marriage took place Sunday evening.

Miss Marie Wilson, Mrs. Small, Mrs. Henry Glass.

AT DINNER.

Miss Maud Scott, who marriage with Ernest McCandlish will be an event of the week, entertains this evening at a dinner given for the members of the bridal party. Covers will be laid for Miss Scott, Miss Rena Scott, Miss Anna Kerr, Miss Mary Kerr, Miss Alice Ward, Miss Edith Ward, Miss Lela Hubbard, Miss Mary Jackson, Ernest McCandlish, Eugene W. Roland.

WHIST TOURNAMENT.

The ladies of the West End Kindergarten will give a benefit whist tournament at the home of Mrs. McIntosh, 562 Haight avenue, corner Sixth street, Alameda, on Thursday afternoon, October 25. The game will begin at 2 o'clock.

SURPRISE PARTY.

A surprise party was given to Ernest Peterson in honor of his seventeenth birthday, at his residence. An enjoyable evening was passed with singing, dancing and playing games. Those present were: Mr. Ernest Peterson, Misses Victoria and Evelyn Garcia, Marius Nelson, Misses Adel and Veronica Lang, Henry Christensen, Misses Mary and Hulka Jorgensen, Miss Emma Poulsen, Clarence Jensen, Samuel Cohn, Miss Grace Lavier, Chris Jorgensen, Miss Grace Franks, Misses Anita and Lily Peterson, Miss Emily Nelson, William Jensen, Edward Perry, Frank Silva, Miss Laura Poulsen, Mrs. Poulsen, and Mrs. Nelson.

PLEASANT TRIP.

Mrs. George W. Reed and Miss Eva Reed have gone to Reno for a brief visit and will go to Los Angeles later, accompanied by Miss Caro Mills.

CLARK-MURPHY.

The wedding of Charles West Clark and Lillian M. Murphy took place at St. John's church last Sunday morning. Edward Juillerat acted as best man, and Miss Harriett Murphy was bridesmaid.

After the ceremony, the party proceeded to the home of the bride, where covers were laid for fifty guests.

The bride and groom left by automobile for San Jose. After a few days in that city, they will tour the southern part of the State in the automobile, returning to Oakland about the first of December.

KARR-POOLE.

Mr. E. T. Karr and Miss Irene M. Poole were quietly married Thursday noon, October 18, at the home of the bride's parents, Mr. and Mrs. H. C. Poole, 1414 Ninth street, Rev. H. F. Burgess officiating. The happy couple left on their honeymoon for a trip through the southern States and on their return will reside in this city.

THEATER PARTY.

Mrs. J. Torrey Connor will give a box party at the madame concert of Ellen Beach Yaw, on Wednesday. The box party will be preceded by a luncheon, unique in character.

To those who have been bidden to the banquet hall of the Forum, the invitations read: "A Traveler's Luncheon." Each of the guests will recount some personal experience at home or abroad—one, an account of the ascent of Mt. Vesuvius; another, description of a luau, the native feast of the Hawaiian Islands; a third, a thrilling experience during a desert sandstorm that swept over a little Indian village, where the narrator, a well-known writer, was sojourning in search of "local color." Other adventures by land and sea will cover territory all the way from Mexico to Japan.

The table will be decorated with the flags of all nations, grouped about a

BRIDGE PARTIES ARE IN FAVOR

Mrs. Richard Lyman Will Entertain—Other Society Affairs.

traveler's palm, and with the trailing vine of the Wandering Jew.

SOCIAL MEETING.

The Daughters of California Pioneers held a social meeting recently, at the home of the president, Mrs. Ernest Leigh in San Francisco. Mrs. William A. Deane, in charge of the program, presented the following numbers: Piano duet, Mrs. Deane and Miss Lawrence; reading, Miss Ila Biven; mandolin duet, Miss Fowler and Miss Lawrence; dance, Miss Vera Limbaugh; vocal numbers, Mrs. E. A. Revalk and Mrs. William Deane.

ENTERTAINS CLUB.

Mrs. T. C. Coogan entertained the Cosmos Club yesterday afternoon. The members of the club include a number of prominent society people. Among the players were Mrs. Edson Adams, Mrs. J. R. Burnham, Mrs. T. L. Barker, Mrs. E. B. Beck, Mrs. Q. A. Chase, Mrs. E. J. Cotton, Mrs. W. S. Goodfellow, Mrs. R. W. Gorrill, Mrs. Charles Minor Goodall, Mrs. John L. Howard, Mrs. E. G. Lukens, Mrs. Will Meek, Mrs. Horry Meek, Mrs. A. A. Moore, Mrs. Egbert Stone, Mrs. Pedar Sather, Mrs. E. M. Walsh and the hostess.

GERMAN BALL.

The Twelfth anniversary and ball of the German Ladies' Eintracht Frauen Verein will be held next Sunday night at the California hall. Singing by the German clubs, dancing and a general good time is promised.

BRIDGE PARTY.

Miss Daisybelle Cross entertained a score of guests last evening at a bridge party given at her Berkeley home. The complimented guests were Miss Juanita David of Alameda and her fiancé, Wendell Phillips. The prizes were carried off by Miss Kindred of San Francisco and Oscar Welding, while the consolation prize was awarded to Miss Culver.

WILL REMAIN.

Rev. and Mrs. David Evans, Miss Madeline Evans and Master Evans have been living in Alameda since the fire and will remain on this side of the bay until the completion of Grace church rectory in San Francisco.

VISITING FRIENDS.

Mr. and Mrs. James M. Spalding, formerly Miss Georgie Lacy, arrived recently from Honolulu and are at present the guests of Mrs. Spalding's mother in Santa Barbara.

SOCIETY NOTES.

Mr. and Mrs. William Sherwood, who have been on this side of the bay all summer, moved yesterday to San Francisco.

Mr. and Mrs. Wilfred B. Chapman and Mrs. Robert Sherwood have taken General Shafter's home at Pacific avenue and Pierce street.

Mr. and Mrs. Stuart Dunbar, formerly Miss Genevieve Dowsett, have returned from Honolulu and are occupying the Dunbar cottage in Belvedere. Mrs. Frederick E. Pierce has re-

HARMFUL STOMACH DOSING

No Need of It When Hyomei Is Used to Cure Catarrh.

KARR-POOLE.

Physicians and scientists agree that the less medicine one allows the better. It is in keeping with this idea that Hyomei is recommended by leading physicians throughout this and other catarrhal sections.

When this treatment is used in catarrhal troubles, there is no stomach dosing, for the medicine is taken in with the air you breathe, and goes right to the spot where the catarrhal germs are present, healing the inflamed and irritated mucous membrane, killing the disease germs and entering the blood with the oxygen, driving out all catarrhal germs from the system.

Do not try to cure catarrh of the head by putting medicine into your stomach.—This is neither a scientific nor a common-sense treatment. Breathe the healing balsams of Hyomei and in a few days you will notice relief, and its continued use will result in a complete and lasting cure. The complete Hyomei outfit costs but \$1.00; extra bottles if needed, 50 cents. We do not want anyone's money unless Hyomei gives relief and cure, and we absolutely agree that money will be refunded unless the remedy gives satisfaction.

All druggists should be able to supply you with Hyomei or we will send it by mail on receipt of price, and every package is sold with the distinct understanding that it costs nothing unless it cures. Write us today for a symptom blank, which we will send you free, together with treatise on Catarrh and how to cure it. When you fill in and return to us the symptom blank, our consulting physicians will give your case their best care and attention, and write you a letter of advice without charge. The R. T. Booth Company, Buffalo, N. Y.

Railroad Companies HAVE BIG Damages To Pay

Heine Piano Company Suffers Loss of Five Carloads

Out of five carloads of the Peerless Heine Pianos from the well-known Krell & Heine factory, of Cincinnati, Ohio, that were ordered for our coast stores September 3d and arrived at the freight yards October 15th, there were about 40 pianos damaged, on which we received claims from \$90 to \$200. We are going to sell these 40 pianos for the difference of the damages and the actual cost of manufacturing, prices which will only mean a small amount ranging from \$65 to \$190. The regular selling prices of these instruments were \$575, \$650 and \$750, according to the style and finish. Our books show that we have sold 26,891 in the State of California in the last twenty years at those prices, and all giving the best satisfaction. What we mean by being damaged is cases damaged only; the action and construction of the instruments we will guarantee to be in perfect condition, or in other words we will give you a 10-year absolute guarantee. If it does not prove satisfactory we will replace it with a new one or return you your money.

This is an opportunity to get a beautiful high grade piano for next to nothing. We are in a private house and crowded for room. Our repair shops were all burnt in San Francisco. We have no place to repair these pianos and must dispose of them at a sacrifice at once. We also have a few second hand and slightly used instruments.

3 Fischers from \$90 to \$230, one practically new; 1 Knabe; 1 Weber; 1 \$600 Reed & Sons, now \$295; 1 Oliver \$247; 1 Regal \$240.

HIS DEATH NOT DUE TO POISON

Alleged Swindler's Life Insured for \$20,000—His Wife Dying of Consumption.

CHICAGO, Oct. 23.—Inquiry into the death of M. J. Carpenter, alleged swindler, at the Stanton avenue station Sunday night was made yesterday by the coroner. The jury returned a verdict that death had been caused by chronic nephritis and not, as it was at first believed, by morphine poisoning.

A life insurance policy for \$20,000 made out in the name of Carpenter's wife was found among the man's effects. Mrs. Carpenter is said to be dying of consumption in Denver. Attorney Cowdrey was instructed to turn the policy over to Mrs. Carpenter.

13 BUCKSHOT TAKEN FROM HIS APPENDIX

DES MOINES, Oct. 23.—Thirteen buckshot have been removed from the vermiform appendix of Louis Ashley, a farmer and hunter. He often cooks his game himself and it is supposed the shot fell from his pocket into the food.

DUCHESS AOSTA LANDS SAFELY

Balloon Ascension From Exposition Grounds at Milan is Successful.

NEW YORK, Oct. 23.—A Herald cable dispatch from Milan states that the Duchess of Aosta, who ascended in a balloon from the exposition grounds Sunday morning, accompanied by the Baron and Baroness Perrone di San Martino, landed safely at Cassino d'Adda.

Piedmont Basin.
First-class Turkish and Hungarian bath service on the coast; experienced attendants; also swimming tank for ladies and gentlemen. Take Piedmont car to Twenty-fourth street.

RED HAIRIED BOYS MUCH IN DEMAND

CHICAGO, Oct. 23.—During the world's championship ball games there was a dearth of office boys. The papers were full of plans of millionaires for office boys, but no office boys were to be had. The Dolese & Shepard Company advertised for "red-haired boys," said Manager Cady, "because of the whole staff we had before the ball games only two remained faithful. Both were red-haired. All the others caught cold and appendicitis, toothache or dead grandmothers, and one wrote he was 'tanked with derum trimmings'."

LAD OF SEVEN KILLS MOTHER

Severs Parent's Jugular Vein While Playing With Small Rifle.

NEW YORK, Oct. 23.—John Joseph Sacco, 7 years old, son of Mr. and Mrs. Giovanni Sacco of Chatham, N. J., shot and killed his mother almost instantly last night. The child was playing with a small rifle while his mother was clearing the supper table.

"Better be careful, Johnnie," said his mother. Just then the gun was discharged, the bullet severing Mrs. Sacco's jugular vein.

SINNERS ARE SAVED CHEAPEST IN CHICAGO

CHICAGO, Oct. 23.—That in Chicago sinners are redeemed at less cost than in any other large city, is the belief expressed by members of the Indiana Synod of the Presbyterian Church. The Rev. Dr. Donald Morrison, in a statistical talk before the session, asserted that the cost of redemption is increasing. Ministers had had in country districts the cost is low, about \$5 sufficient to save a soul. In Chicago the cost is estimated to be \$12.

In Philadelphia \$50 is said to be the average, and in Indianapolis the cost reaches \$20, but the ministers there declare that the Indiana sinners are worth the price and the efforts necessary to bring him to the mountebank bench.

10,000 MAY GO ON STRIKE

Machinists on the Southern Pacific System May Be Called Out.

NEW ORLEANS, Oct. 23.—It is said that as a result of the discharge of ten machinists of the Algiers shop of the Southern Pacific and because of alleged discrimination of long standing against their organization ten thousand members of the International Association of Machinists may be called out on strike on that system within a day or two. The men affected are in what is known as District No. 11, extending from New Orleans to Portland, Oregon.

Thomas L. Wilson, a vice-president of the International Union says the national officers will first endeavor to secure the co-operation of Mr. Harrison himself to have the discharged men reinstated and also will try to negotiate an agreement whereby arbitrary powers of master mechanics in discharging employees without cause will be abrogated.

LEAVES HIS WIFE; WEDS HER AGAIN

DETROIT, Mich., Oct. 23.—Bart R. Daborteaux, formerly manager of the Postal Telegraph Company, Lansing, Mich., but now living in Los Angeles, and his former wife, Anna Laborteaux, were married in Chicago a few days ago. Laborteaux and his wife were divorced a year ago and Mrs. Laborteaux went to live in South Bend, Ind. Laborteaux left his position in Lansing and started with friends for Los Angeles. When he reached South Bend he suddenly decided to stop off there, and left his friends on the train to proceed to Chicago and wait for him. He went to where his wife was stopping, met her, talked matters over and they were reunited almost immediately.

Mrs. Laborteaux consented to go to Chicago with her former husband, where they were married. Mr. and Mrs. Laborteaux and their friends started for Los Angeles, where the reunited couple will make their home.

GROOM IN DEATH PACT ARRESTED

SMITHVILLE, Mo., Oct. 23.—Joseph L. Webb, the young man from St. Joseph who entered into a suicide pact here with his nineteen-year-old bride of one week, which resulted in the

young woman's death and in a serious wound to himself, was arrested here today charged with the killing of his wife October 11. Webb was at first believed to have been fatally wounded.

He has said nothing in regard to the case since his first statement, immediately after the shooting, when he said that he and his wife, fearing that his death on account of an incurable illness would separate them, had entered into a compact to die. He said that his own courage had failed him

and that his wife had fired the bullet into his chest and then turned the pistol upon herself, inflicting mortal wounds.

The young wife was shot four times, three of the bullets entering near the heart. The fourth struck her in the head. The authorities question her ability to shoot herself so many times.

JOHN DAGGETT HERE.
John Daggett of Siskiyou county, former lieutenant-governor of California, is making a three or four days' visit in Oakland. Mr. Daggett is a guest at the Globe hotel.

On draught at all first-class cafes and bars

Hanson & Kahler, Distributors

Eighth and Webster, Oakland, Cal.

One of the essentials of the happy homes of to-day is a fund of information as to right living and the best methods of promoting health and happiness. With proper knowledge, each hour of recreation, of enjoyment and of effort may be made to contribute to that end and are of not less value than the using of the most wholesome foods and the selecting of the best medicinal agents when needed. With the well-informed, medicinal agents are used only when nature needs assistance and while the importance of cleansing the system effectually, when bilious or constipated, has long been known, yet until within recent years it was necessary to resort to oils, salts, extracts of roots, barks and other cathartics which were found to be objectionable and to call for constantly increased quantities.

Then physicians having learned that the most excellent laxative and carminative principles were to be found in certain plants, principally in the leaves, the California Fig Syrup Co. discovered a method of obtaining such principles in their purest condition and of presenting them with pleasant and refreshing liquids in the form most acceptable to the system and the remedy became known as—Syrup of Figs—as figs were used, with the plants, in making it, because of their agreeable taste.

This excellent remedy is now rapidly coming into universal use as the best of family laxatives, because it is simple and wholesome and cleanses and sweetens the system effectually without disturbing the natural functions and without unpleasant after effects and its use may be discontinued when it is no longer required.

All who would enjoy good health and its blessings should remember that it is the one remedy which physicians and parents well-informed approve and recommend and use and which they and their little ones alike enjoy, because of its pleasant flavor, its gentle action and its beneficial effects.

Syrup of Figs is for sale by all reliable druggists, at the regular price of fifty cents per bottle, in original packages only, having the name of the remedy—Syrup of Figs—and the full name of the Company—California Fig Syrup Co.—printed on the front of every package.

OFFICERS AND DIRECTORS:

W. A. KIDNEY President
 General Manager Heinze's mining interests in the State of Montana
 J. P. NELSON Vice-president and General Manager
 Superintendent of the Gibraltar Mines Syndicate, Bullfrog District
 E. H. LATTIMER Secretary
 HONORABLE JOHN MCGINNIS Director
 Mayor of Butte, Montana
 GEORGE B. KEENAN Director
 Cashier of the Bullfrog Bank and Trust Company

This property is THE famous property of the Greenwater district and the undeveloped properties have done more to make the district famous than all the other properties combined.

The sensational showings on this and the adjoining Hank Knight group have aroused the entire copper world and never before have so many of the large copper interests become identified in one district in so short a space of time. The rush to Greenwater is phenomenal and the whole State of Nevada is wild with excitement over the wonderful discoveries hourly being made.

The properties of the Boston-Greenwater Copper Company comprise 13 claims and are surrounded or adjoin practically all of the big mines of the district.

An enormous ledge traverses the entire property, the width of which has not yet been determined but which gives assay values from 5 to 50 per cent with cross ledges four to six feet wide showing average values 18 to 21 per cent across their face, making the whole property a veritable mass of high grade copper.

On the west and northwest is the Furnace Creek Copper Company which was promoted one year ago at 25 cents per share and is now \$1.75 bid. There are two shafts on this property one hundred feet apart, each on the vein, down 300 and 175 feet respectively and both showing extraordinary ore values. On the east is the Hank Knight and Greenwater and Death Valley Copper—the latter company promoted sixty days ago at \$1 and now selling at \$2.75. Both properties have the same wonderful values of from 5 to 50 cent copper and an average sample of 75 feet across the face of the vein goes 6 per cent copper.

On the east is the Greenwater United Copper company, which is controlled by Macdonald and Gillies, which also shows fine values.

On the south is Nash & Wallace's Governor Group, showing values of 8 to 40 per cent on a ledge ten feet wide at the surface, and the Oddie Blue Bell group, which also has a fine showing. In fact, all the leading copper interests in the country including Heinze, Clark, Schwab and Kunze are centered about this ground.

Had not the contracts been signed for the promotion and sale of the treasury stock of this company at the present price, before the recent discoveries were made, the stock would now be offered at \$1 per share. And we predict that it will sell at that figure within 30 days and be \$5 per share within 12 months.

We believe the rise this stock will have will prove one of the sensations of the year and unhesitatingly recommend its immediate purchase at any price under par.

ORIGINAL GOLD BAR EXTENSION CO.

Capitalization, 1,000,000 shares Treasury Stock, 400,000
 Par value of shares, \$1. Fully paid. Non-assessable.

Subscription Price, 20c Per Share

OFFICERS AND DIRECTORS:

O. O. KINCAID President

 AUGUSTUS TILDEN Vice-president
 Attorney at Law, Goldfield, Nev.
 JAMES L. LINDSAY Treasury
 Cashier State Bank, Goldfield, Nev.
 EMERY H. LATTIMER Secretary
 Secretary Union Securities Company of Nevada
 SAMUEL G. BOSTON Superintendent

The properties of the Original Gold Bar Extension comprise the choicest of the undeveloped properties adjoining the well-known Gold Bar group, Bullfrog district, Nevada. The property consists of four full-sized mining claims and two fractions covering an area of about ninety acres, bounded on the north and east by the Gold King group; on the west by the Gold Bar Annex group and on the south by the Gold Bar group.

Eight distinct veins have been discovered so far on this property. Four running to the north and south and an equal number east and west. The entire mountain is heavily mineralized and further development will undoubtedly prove the existence of veins other than those already mentioned. The veins thus far opened vary in width from four and a half to eight feet and the surface values as taken across the ledge show values from \$3 to \$12, giving good milling values for the whole.

As these veins without exception extend into the adjoining properties where they have been opened to considerable depth and there show big values, it is practically certain that the same values will be encountered in this ground as depth is gained, and the delay in opening this property has been due solely to the fact that the development of the adjoining properties would determine the value of this property as the veins are identically the same.

On the Gold Hill group to the east, on vein No. 1, has been sunk a shaft to the depth of 160 feet which shows shipping values of \$200 per ton; while on the Homestake group, 600 feet to the east, the vein has been opened up to the 300-foot level and is nearly 160 feet wide which will average better than \$30 per ton.

Three of the veins running north and south pitch into the Gold Bar ground. The main Gold Bar vein is one of the largest in the district, being 178 feet wide with an average value of \$12 per ton for the whole vein, small parts of which show shipping values of \$1600 to the ton.

It will thus be seen that this is a prospect of exceptional merit. A large part of the treasury stock has already been sold and the stock will be listed on the San Francisco exchange the coming week, when we predict much higher prices for it.

Reservations should be made by telegraph, to insure consideration, and remittance in full, by bank draft or certified check, must be forwarded immediately after allotment is made.

THE TRIBUNE'S PAGE OF SPORTS EDITED BY EDDIE SMITH

WISHARD PLANS TO COME TO OAKLAND

BILL KNAPP, REDFERN AND OTHERS AIMING FOR THE COAST.

General Gossip of the Running Horses at Emeryville and Elsewhere.

NEW YORK, Oct. 23.—Oakland race track is to receive another addition for the winter's racing.

Enoch Wishard has decided to ship his stable to Oakland for the coming season and will leave here with C. E. Durand, who intends to buy a number of horses. Durand secured the nucleus of a rising today when he purchased Tennessee, a yearling, at auction for \$1000. He also went to \$4500 for Handarra, but Dave Johnson bought the mare for \$4000.

Joeey Garrow, one of the cleverest lightweights in the country, will go to the coast with Wishard, who has Runnels, Emory, Royal Lady and other horses. Garrow will also ride for Durand.

Sam Hildreth left for Oakland Sunday with his stable of twenty-eight horses, and they occupy two cars, as Green Morris took three west. Hildreth will race thirty-one horses. While Knapp was engaged to ride for him and will soon start for home. James Blute, who will race a stable on the coast, bought Alms at the auction yesterday.

Gary Jucker, who trains for R. W. Nelson, is the latest addition to the ranks of horsemen planning to race at Oakland this season. Jucker has the handiest horse, Cedric, and other useful performers. Joeey Arthur Redfern will accompany him. Redfern has grown quite heavy and did not attempt to ride this season. J. A. Walsh, who has the good colt Arimo, is another owner who will race at Oakland and Avoca park. He will ship two carloads of yearlings to Los Angeles at once.

By LEE DEMIER.

Things are beginning to get lively at Emeryville. The rail birds have increased two-fold.

Trainer and Owner Oswald Bianchi (Daggle Smith) stepped Gen. Custer and Alamo, two promising 2-year-olds, three-quarters in 40.73, and Emperor Munro, half in 49.72, this morning. Daggle said that when he gets ready to send the inspectors to the races there will be an excursion train from Sacramento loaded with tourists with the shining gold to scatter on his "bird."

Trainer and Owner Billy Magrane had his entire stable on the track this morning, sending them along at a fair clip.

Owner Pat Sullivan blew in this morning from the jungle with Katie Ash, his bread-winner. He sold Edna Sullivan and Pearl Stone.

Tobe Ramsey said this morning after giving his horses their work: "If my 'birds' don't show me something before the meeting is a month old, I'll give the bird once the 23."

Trainer Dick Ripley, who has been on the sick list for the past two weeks, is in the penit. He is looking around for a couple of useful performers to campaign this winter.

The track at Emeryville is in good condition, much to the delight of the many horsemen, who will now commence to let their "horses" down.

Manager Danny McIntosh and his jockeys Emmet League, arrived from Portland yesterday. Oakland will be their stamping ground.

Turk Frank Cody was a visitor to the Sausalito rooming yesterday. Cody has been taking in the game around the middle West this summer.

Hand-riding Kelly says he will do 110 pounds easy this winter.

Trainer V. H. Perry said yesterday that he will spring a young promising rider when the bell rings.

Horseman "Priso" Hong is perched upon the rail these mornings with his right-second timepiece in hand, clocking the runners as they wind their way around the Emeryville track. Nothing but an earthquake can get away from "Priso" when it comes to timing horses.

"Big Bill" Henry is taking the money for Joe Ross at Lathrop.

Barney Siam, who a few years ago placed all the big commissions for the cars-Dodge combination on the big New York tracks, arrived from Louisville yesterday. He said that there will be quite an exodus of horsemen, bookmakers and turfites in general coming from the mid-West after the Lathrop meeting. Mr. Siam said that the two meetings at Douglas Park were a grand success.

Dr. Leggo was a starter in the first race at Lathrop yesterday. The doctor did not gather.

Horseman and Cocker Grant Edisson made his appearance at Emeryville this morning. Edisson has been doing the jungle tracks this summer.

Gil Summers said that he will confine all of his attention to his horses this winter and that he will not clock any horses but his own.

Trainer John Taylor is laid up with a sprained ankle.

Marshall Eddy Carey of Emeryville is out every morning mingling with the boys who clock the horses.

Starter Jacob Haltman is dispatching the horses away at Lathrop.

It is announced that Willie Shaw will not go to Germany to ride for Weinberg Brothers. He will remain in America to ride for Frank J. Farrell and D. C. Johnson next season.

Jacobite is again on the shelf.

Some of the critics in the East are of the opinion that Oxford could have beaten 1:15 in his race recently.

"Snapper" Garrison says Gnette is the fastest mare he ever saw, not counting Firenze, which he rode in nearly all of her races.

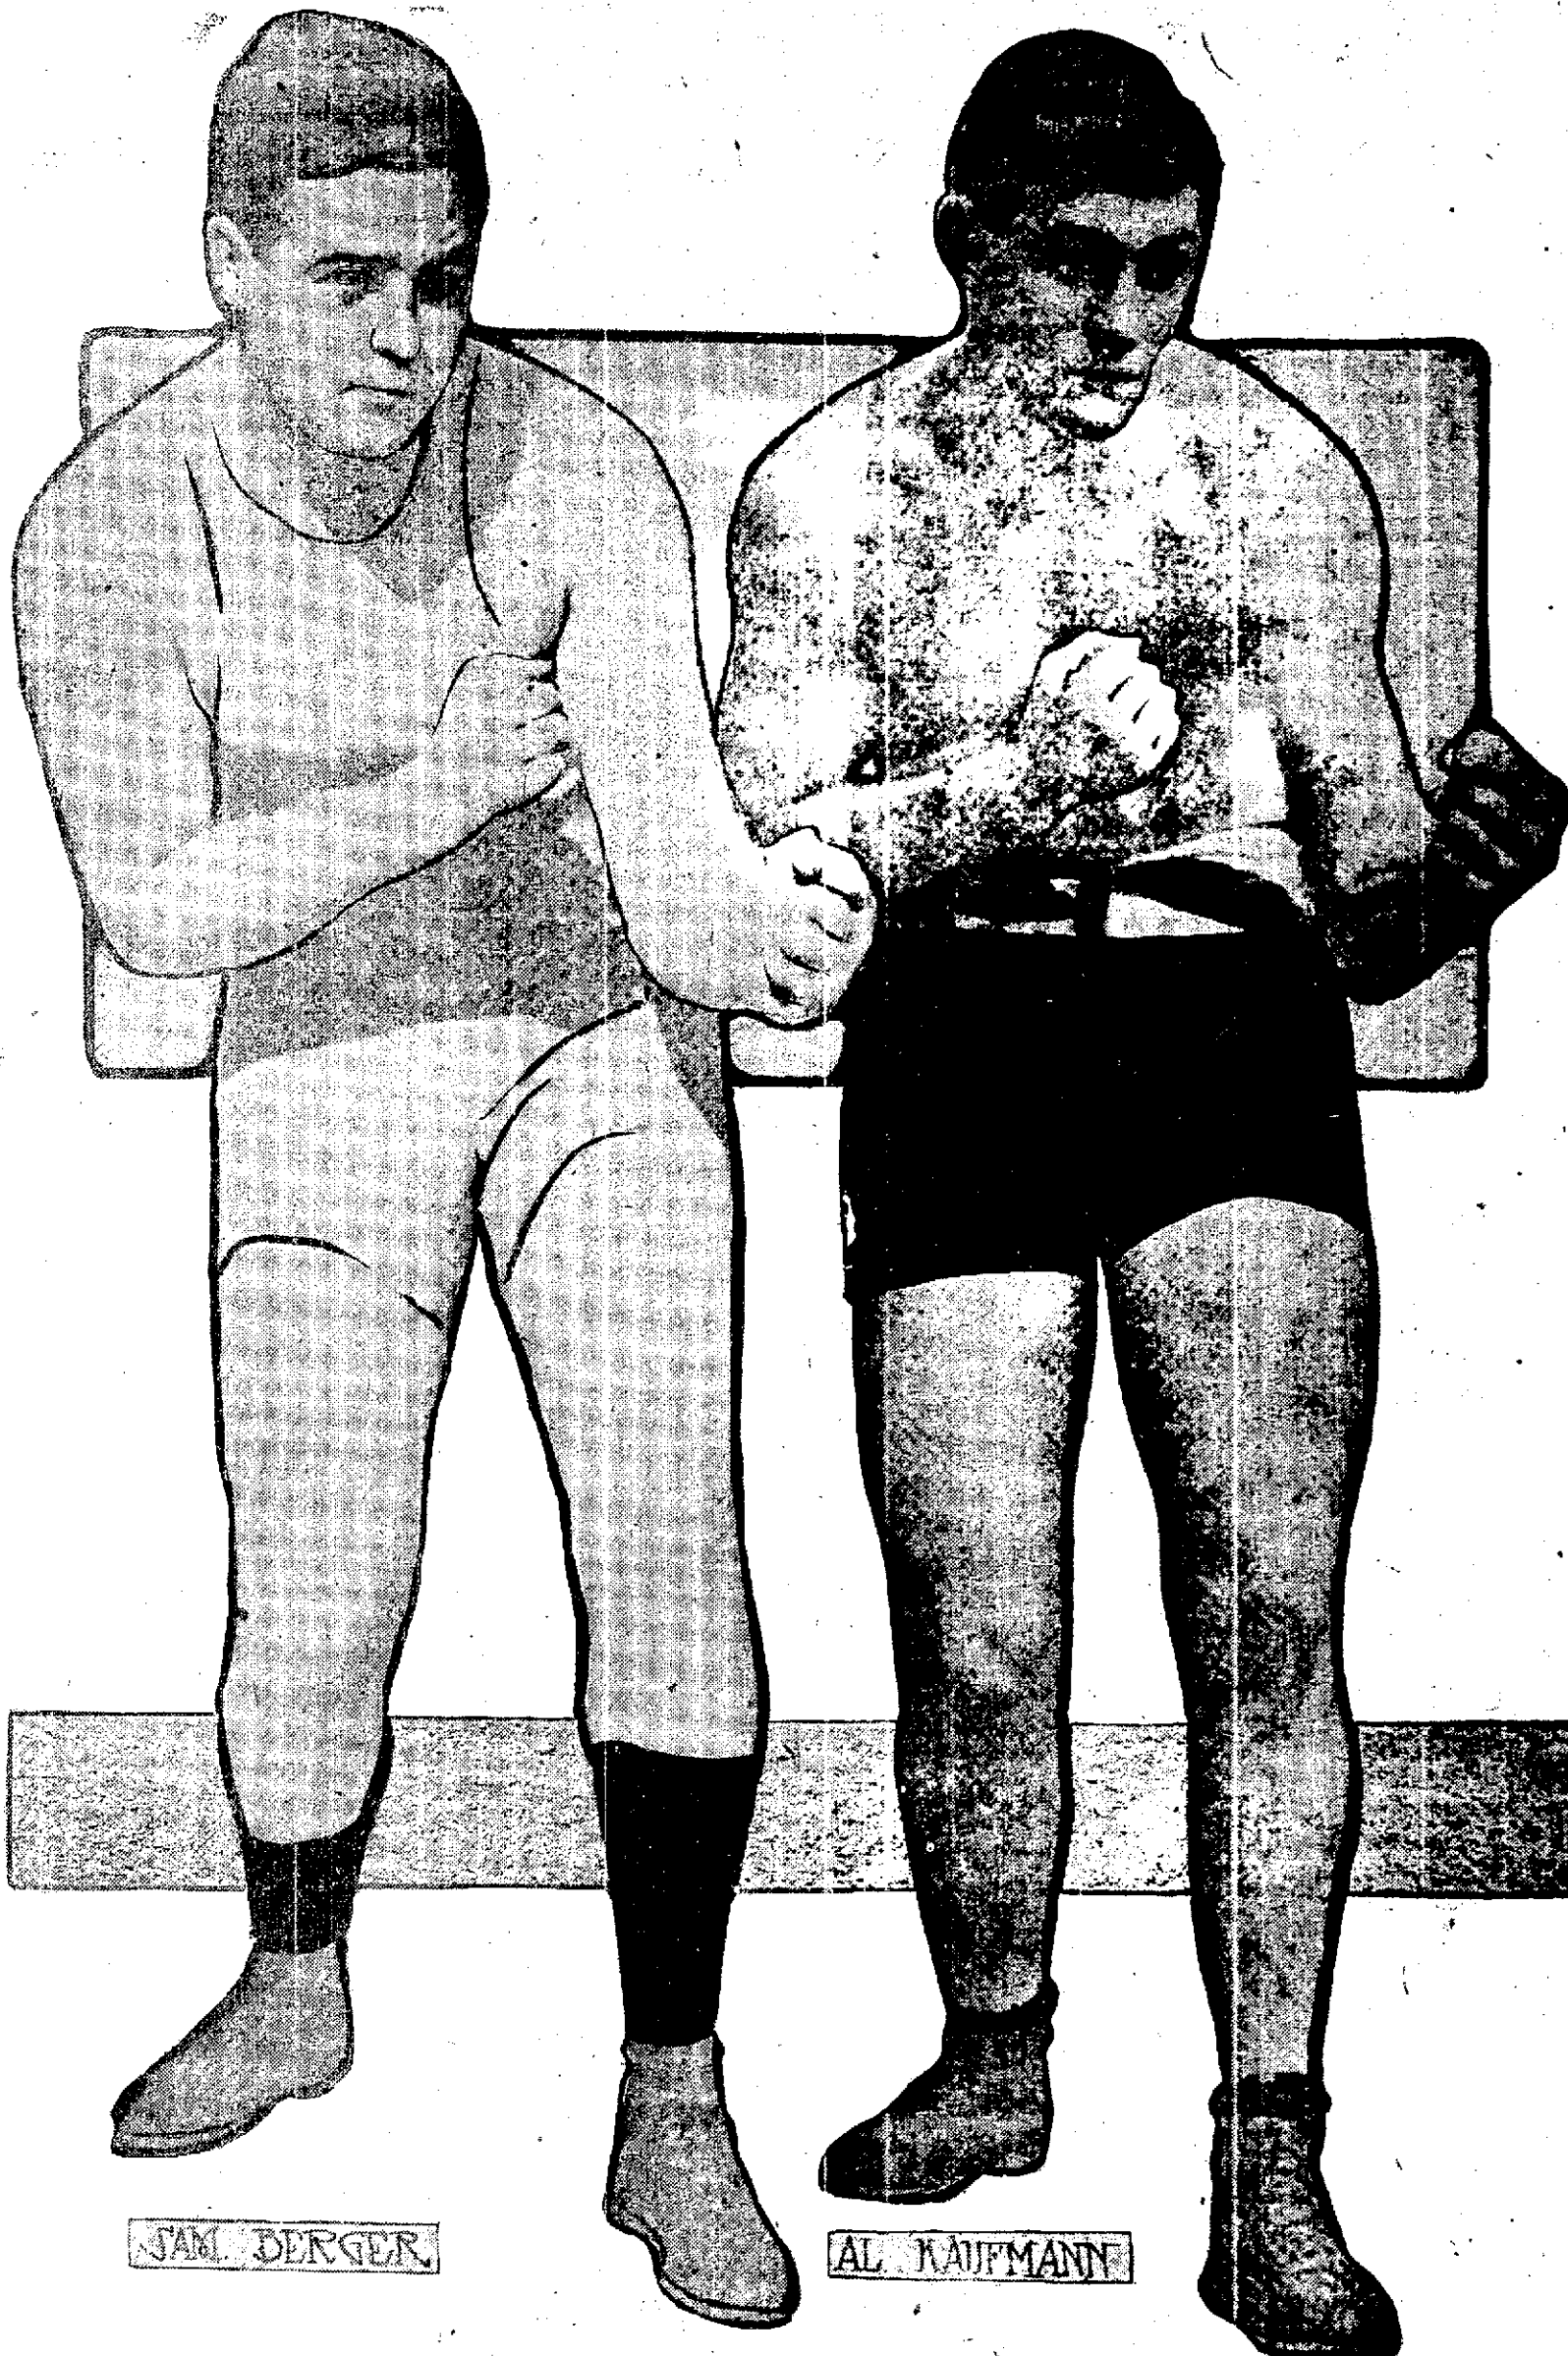

"C. T. Henshall could probably sell Gnette for \$15,000 right now," says the New York Sun, "but he intends to keep her as long as she is in condition to go to the post."

Hall & Marshall are negotiating for the contract on Joeey Moreland and will in the next few days effect the release of his services from W. S. Land, his present contract employer. The boy is now riding at Lathrop.

Ernest Lind, who will open his new well goods store at the entrance of the Emeryville gate, said all of his salesmen will wear rubber suits.

OAKLAND WHEELMEN HOLD THE MAURER CONTEST AND PREPARE FOR BATTLE

The Oakland Wheelmen held an interesting race for the Maurer cup Sunday, which was participated in by a lively group of youngsters, who went through their paces in fine style, incidentally indicating that the club will have an excellent team to enter in the race for the Stockton trophy at Alameda next Sunday.

The Maurer cup is one donated by John Maurer, captain of the club, and is contested for once every three months, the winners names being inscribed thereon. The course Sunday was one of two miles, the new boulevard being selected. The riders started at High street, Fruitvale, and finished at Seminary avenue. Arthur Bassett, the promising young

riders who has been showing such remarkable ability, proved the winner, but the others finished close up in a bunch. No time was taken.

Those who competed were A. T. Smith, Louis Pike, Frank Black, Sam Hancock, Henry Domic, W. Gray, Earl Lacette and Jack Cammett.

The boys also indulged in a club run during the afternoon, going out into the hills to Hermitage, racing up the hill and enjoying refreshments when the informal contest was over.

Those who are expected to compete next Sunday in the Stockton trophy race are the New Century Club, California Cycling Club, Bay City Wheelmen, Oakland Wheelmen, Stockton Wheelmen, Garden City Wheelmen, and probably a team from Sacramento.

Corvante's Manhattan Cocktails Are the talk of the town. For mixed drinks go to the Galinde Hotel bar.

O'BRIEN TALKS IN "HIFALUTIN" GRANDEE STYLE.

The inhabitants of Los Angeles are still gasping with astonishment over the dress and manners of Mr. Jawn O'Brien of the Quaker city. It was with his language, however, that Mr. O'Brien startled the listeners of that city. It was due entirely to the unfeeling good nature of the celebrated Queensberry arist that he submitted to an interview with the delighted representative of a newspaper of that section of country. In the course of the discussion the reporter asked Mr. O'Brien what he thought of the comparative merits of present day boxers and the ring fighters of the past. Mr. O'Brien tapped the seal brown spot on his left pin with his silver headed cane in a contemplative manner, and then replied:

"While the devotees of pugilism of the present period may not exceed their contemporaries of the more antiquated school in pugnance, they have acquired more exactitude of delivery, and attained a greater degree of excellence in protecting the more vulnerable portions of the anatomy."

The reporter had fully expected to hear Mr. O'Brien say, "Why, cull, these geezers wouldn't be in it for a minute with me," and the revelation of feeling was so great the poor man was taken away in an ambulance.

Mr. O'Brien should be more careful. The residents of the coast are hardly prepared for him, and he should not take them by surprise.

FOLEY AND THOMAS COMING TO THIS SIDE OF THE BAY TO AID AL KAUFFMANN

Billy Delaney, representing Al Kauffman, who is to meet Sam Berger in San Francisco the latter part of this month, has deposited \$500 to cover a like amount as a forfeit from Sam Berger to guarantee the appearance of both men in the ring at 9 o'clock on the evening of the fight. This is done, says Delaney, to insure the Oakland patrons of the exhibition a chance to see the contest and get home early. Delaney declares he is delighted with the provision, and that his men will be on hand in plenty of time to begin business as per schedule.

WORKING WELL.

Kauffman is getting well settled in his daily round of preparation for the battle that means so much to him, and from the present indications he will be in fine shape to fight the battle of his career. He is distributing his time and attention between the Reliance club, Landregan's hotel on San Pablo avenue in Golden Gate and numerous roads about the community, where he does his daily

MAY HOLD THE BATTLE AT COLMA

SAN FRANCISCO, Oct. 23.—The Kauffmann-Berger fight may be transferred to Colma as a result of the present war between Coffroth and Graney. Coffroth says that he will

LADIES' NIGHT AT RELIANCE CLUB TONIGHT

SEVERAL FEATURES ARE SCHEDULED FOR THE EXHIBITION.

Wrestling, Boxing, Juggling and a Screaming Farce to be Presented.

The ladies' night entertainment at the Reliance club tonight will have as a special feature an original sketch by Superintendent A. H. Shirk and J. Blum, entitled "Is He In," and presented by the author.

Clarence de Elme, the Reliance aerial performer, has prepared a clever specialty for the entertainment. Eddie Smith and Ed Warren, the club boxing instructors, will give an exhibition of scientific boxing. Miss Gertrude Connet will recite and Wilson Carter and L. Sternitzky will sing.

There will be comedy wrestling by a San Francisco team, juggling by the Doan brothers, a posing act, and fencing and single stick work.

GANS OFFERS NELSON A FIGHT

MILWAUKEE, Oct. 23.—Joe Gans, the lightweight champion of the world, who was showing at one of the local theaters, has stated the terms under which he would meet Batling Nelson again, and declares that should the Dane refuse to accept, he will sign articles for a fight with Kid Herman. Here is what Gans has to say regarding a match with Nelson:

"I will willingly fight Nelson again, and under terms much more liberal than he gave me. I will insist on only two conditions. They are that the weight be 135 pounds stripped at 8 o'clock, and that I receive the larger end of the purse."

In order to show his good faith, Gans says he will give Nelson 35 per cent of the purse, 10 per cent more than the Dane allowed him, and furthermore, he will give one-half of his share to any charitable institution that a committee of newspapers may select. Gans, however, will not agree to Nelson's proposition that the winner take the entire purse.

WHY OLDFIELD DIDN'T TRY FOR CUP

"Why didn't I go into the Vanderbilt cup race? Nothing would have given me greater pleasure, but when I do enter that race I want a car that has some chance to win," said Barney Oldfield in Toledo recently.

"The foreigners spend thousands of dollars putting up a car to compete in the Vanderbilt cup race. They maintain a costly experimental station. Then the car is turned out usually more than a year before the race scheduled," said Barney.

"The foreigners have plenty of time to work out their cars. They run them in three or four good races before the cup race, and when they enter the list they have tried and found their cars to be true blue."

"The Americans throw a car together and have it run only about three or four weeks before the race. The result is that the car is not given a thorough tryout."

"The Pope-Toledo racer was out not more than a month before the elimination race, and look at the trouble Herb Lybe encountered."

MAY MEAN DEATH.

"The Americans won't pay the drivers the money they deserve for riding in a race where one slip may mean instant death for not only the driver but for spectators. When Herb Lytle finished third in the elimination trials a couple of years ago his employers gave him only a watch. Why, even the people who made the three on the machine at that time gave Lytle \$500. I understand that the foreign drivers, on the other hand, clean up all the way from \$20,000 to \$50,000. Look, for instance, at \$60,000 from the tire manufacturers. I understand \$10,000 from the makers of the machine and various parts of the machine."

"And it is worth every penny of it to drive in that race. A man must take long chances to have any show for no matter how big a daredevil he may be there are a dozen others whose ambition is so wrapped up in that race that they will dare anything to win."

Few people know how hard I tried to get into the Vanderbilt cup race this year. I offered the owners of a French machine the race this year \$100. But they refused."

"I will challenge the winner of any other car that participated in the Vanderbilt cup race to a race on my track in the country with my Green Dragon and I'll guarantee I'll give them the race of their life."

BELT LINE THREAT, GOULD ANSWER TO A FRANCHISE APPLICATION BY HARRIMAN

City Fathers Refuse to Decide Railway Battle Action on King Street Track Delayed 3 Weeks

LAWYERS AND CITIZENS HEARD IN ARGUMENT

There was a lively discussion last night before the City Council, sitting as a committee of the whole, when the application of the Southern Pacific Company to run a spur track from its line between Fruitvale and Alameda along King street to the rear of the California cotton mills, was up for consideration. A tilt between Attorney Robert M. Fitzgerald, counsel for the Western Pacific Company, and also representing several of the manufacturers in front of whose properties the Southern Pacific Company proposes to run its line, and Phil M. Walsh, attorney for the petitioners, was the result. The argument was a long one, and the councilmen, after several hours' deliberation, the committee had the matter over for three weeks, at which time Attorney Fitzgerald will present plans for another industrial line, which he claims will be constructed by a company which will be formed meantime among the property holders in the vicinity.

Attorney Fitzgerald opened the discussion of the evening and in his remarks he stated that the property owners he represented, one of them being the Union Gas Engine Company, desired that if the spur track be built that it be made into a belt line, similar to those in San Francisco and Sacramento.

My clients state that they wish to have other companies use this track, if the Southern Pacific Company will not grant this request, several of the property holders will start a company of their own and put in a belt line, which can be used by all companies.

Counsel for the Southern Pacific Company, Attorney Walsh, averred that his company would not concede any such proposition. "The Southern Pacific Company does not desire to go to the expense of laying this track over private property and along the public streets, and after working up a patronage along one of our company to come in and reap all the benefits."

FAVORS AMENDMENT.
Fitzgerald—My clients would like to have the proposed amendment amended so that any road might be established to use the track under conditions similar to those granted by the city of Sacramento along its water front, and those in the franchise of the belt line now being constructed in the city of San Francisco. The provisions in these franchises allow any line to enter and use the tracks on an equal basis and provide that no line shall be barred from using them. Each line is to have a proportional share of the operating expenses.

E. C. Sessions, Jr., then interposed, saying, "My father and I have for the past few years been endeavoring to get rail and water through our property, even going so far as to purchase property abutting on the Southern Pacific line so that we could have a track laid out to put a curve into our property. The property owners in this vicinity are, with few exceptions, very much in favor of the proposed amendment. I have already before the Board of Supervisors, and there was not a dissenting vote. We now ask that the City Council take similar action."

Councilman Elliot then suggested that the whole matter be held in abeyance until Attorney Fitzgerald could have time to form his plans for establishing the company, which he stated would build a line which could be used by all companies.

C. P. FRANCHISE.
"I am against the granting of this franchise to the Central Pacific Railway Company, as I wish to do as I would have done by me. I have been put here to protect the interests of the city and against corporations or anybody."

These were the words of Councilman Atkinson last night when he rose in the council chamber in the city hall, he stated that he desired to place himself on record in the matter of granting a franchise to the Central Pacific Railway Company, and that he was bringing up the matter of the track along the west side of Clay street.

The applicant and protestants were given a hearing by the Council and the residents on the east side of Clay street between Third and Fifth streets, objected to having the track laid at all, saying that it would ruin their homes, and that the city fathers had been heard several manufacturers and warehousemen made appeals for the spur track, saying that it was absolutely necessary to conduct the business.

The application for a franchise was then referred to the City Attorney and the ordinance and judiciary committee, who will have the matter under consideration in the provisions of the franchise.

ANNEXATION OF FRUITVALE IS GIVEN IMPETUS

An election to decide whether this city and Fruitvale will be consolidated, will probably be held in the very near future, if the recommendation of the committee of the whole of the city council is passed upon favorably next Monday night at the regular session of that body. Last night the petition of 188 residents and property-owners in the suburbs, who asked that an election be held on the matter of consolidation, was considered by the committee of the whole of the council. Both the petitioners and the protestants were well represented at the meeting and discussion was heard by the council on each side of the question.

The following resolution was then passed by the committee:
"Resolved, That the committee of the whole recommends that an election be called for annexation, in accordance with the matter of the annexation of the city and city engineer be requested immediately to prepare the ordinance calling for an election to be held under said ordinance."

FAVOR THE PETITION.
Edwin Stearns and Wilbur Walker spoke in behalf of the petitioners. Stearns represented the Chamber of Commerce of this city, which has taken an active interest in the plan for consolidation. He said in part: "Members of the Chamber of Commerce and Merchants' Exchange took up the matter of the annexation of Oakland and Fruitvale several months ago and appointed a committee to circulate a petition among the residents of Fruitvale and secured in the neighborhood of 4000 names, all of which were put up as patrons of the proposition. A canvass of the different sections showed that the majority are in favor of annexation. I therefore hope that this council will arrange for an election."

Walker spoke for the Merchants' Exchange, saying, "The increase in the population of Oakland in the last few months has been great, especially in the territory between the eastern boundary of Oakland and San Leandro creek. The need of fire and police protection in this territory is great and this is one of the reasons that the consolidation should take place. It will be good for Oakland, as well as the other place."

Attorney Satterwhite then took the floor and explained the position of many of the residents of Fruitvale in the matter and especially the committee of eight which he represented, consisting of W. M. Manning, B. H. McFarland, B. C. Froedrickson, Charles F. Lee, C. Liedeker, C. A. Jeffreys, A. Lorchbach and W. T. Grubb. Satterwhite said in part:

The citizens of Fruitvale have not in several mass meetings, held in different parts of Fruitvale, and appointed a committee of eight, with powers to arrange for incorporating Fruitvale as a city government. This committee has asked me to draw up articles of incorporation, which I have already done, and they will be presented to the board of supervisors at their next meeting, November 12.

These articles will be published in the Fruitvale Progress and the Oakland Tribune so as to come within the State law requiring that matters of this kind be published two weeks before being presented to the supervisors. We have so many names on the petitions which we have circulated and have signed, and the sentiment so much against annexation, in favor of separate incorporation, that we wish to point out to the board the futility of holding an election on the annexation proposition at the present time and ask that they at least wait until the election on the incorporation proposition."

Those who spoke in favor of the proposition were J. B. Greenwood, J. W. Hibby, William Mullin and several others.

Attorney Charles E. Snook, representing the petitioners, said: "Before we ask you to spend one dollar on this election we can convince you that the sentiment in this district is strongly in favor of annexation. Incorporation has been voted on twice and defeated by large majorities in both instances. As stated by previous speakers, the sentiment is in favor of annexation and we ask you to place the proposition before the people."

The matter was then put to a vote and the committee recommended to the council that an election be held.

LEAVES FOR TRIAL TRIP.
SAN FRANCISCO, Oct. 23.—The cruiser boat destroyer Paul Jones, left this morning for a four hours Government trial trip which is to be held outside the Farallon Islands.

WHAT CITY COUNCIL DID LAST NIGHT

Application of the Southern Pacific for track on King street, applied by Western Pacific which threaten to build a belt line and action is deferred three weeks.
Application of the Central Pacific for a franchise on Cypress street referred to the City Attorney and Judiciary Committee to frame an ordinance.
Committee of the Whole recommends that an election be called at once in the matter of the annexation of Fruitvale and the City Attorney is ordered to prepare an ordinance preparing for such election.
Passed to print an ordinance declaring the denomination of the new sewer bonds and the Board of Works is authorized to advertise for bids for the construction of the sewer.
Passed to print an ordinance providing for the appointment of twenty additional patrolmen, two Councilmen voting against the measure.
Resolution to appropriate \$495 for dirt for Lake Merritt referred to Street Committee.
Reports of Tax Collector and Wharfinger placed on file.
Resolutions appropriating \$300 for five horse fountains and \$200 for saddle horses for Police Department, referred to Auditing and Finance Committees.

BIDS FOR BIG BILL FOR 20 SEWER ARE POLICEMEN ORDERED

The constructing of the new sewer system, under the recent bonds which were voted by this city, will be begun in the near future, as last night the City Council had before it and passed to print an ordinance declaring the denomination of the bonds and a second, which authorized the Board of Works to advertise for bids for the construction of the sewer.

The bonds are to be issued in the sum of \$388,000, and will be numbered from 1 to 80. There are to be forty series, each series to contain fifteen bonds in the denomination of \$1000 each. One bond will be in the sum of \$12,500. This interest on the bonds is to be paid quarterly during the forty years. The unpaid interest will bear interest at 4% per cent, payable semi-annually—January 15 and July 15. The bonds will be designated in the municipal improvement bonds.

The other ordinance authorizes the Board of Public Works to advertise for bids for the construction of the sewers, according to the plans and specifications of the City Engineer.

It is the desire of the Board of Works to have the work done as soon as possible, as the winter rains are about due and many of the outfall sewers about the water front are in need of repair.

\$495 FOR DIRT.
A resolution appropriating \$495 for the purchase of dirt to deposit on the city's land along Lake Merritt, and between Thirteenth and Fourteenth streets, with opposition at the session of the City Council last night.

Councilman Pendleton moved that the rules be suspended and the measure be adopted, saying that dirt could be purchased at a good figure at the present time.

Councilmen McAdam and Burns wanted the matter to go over a time, saying that it should be investigated. Councilman Burns stated that he believed that the filling in of the land would benefit only one property owner, Edison Adams. The resolution was referred to the city planning committee.

The city planning committee, for September was filed. The sum of \$1070.30 was collected in dog and tolls.

The report of the tax collector for September showed that \$10,715.50 was collected. The report was filed.

FIVE HORSE FOUNTAINS.
The resolution appropriating \$300 for the purchase of five iron horse fountains was referred to the auditing and finance committee, and the resolutions appropriating \$200 for the purchase of a saddle horse for the department and \$400 for new fire alarm boxes.

Abrahamson's petition to construct a sewer in Washington street was referred to the Board of Public Works. The petition of C. Meyer to sewer Twelfth street, between Grove and Jefferson streets, was referred to the street committee.

City Engineer Turner's report on the cost of constructing a culvert across Cemetery creek at Twenty-ninth street was referred to the street committee. The estimate is \$3200.

ACCUSED OF GAMBLING.

For "shooting craps" on the public streets, Joe Welch and Henry Gaines, two youths, were arrested last night and charged with gambling. The prisoners came up before Acting Police Judge Quinn this morning, but their cases went over until tomorrow morning for the filing of a complaint.

PEOPLE ARE AFRAID.
Elliot—I think that police commissioners should give us a report on why more policemen are needed. I am willing to take the say of someone else, however, and will vote that way. We must allay the fears of the people.

Fitzgerald—There is no possible question that we do not need more policemen.

Councilman Elliot then addressed Councilman Pendleton, asking him how he could oppose the wishes of a head of a department, referring to Chief of Police Wilson.

FINDS HIS LOST NAME IN DREAM

Befuddled Young Man Discovers
Clew to His Identity
While Asleep.

SACRAMENTO, Oct. 22.—Brought back by a dream to a hazy recollection of himself, the unidentified young man at the county hospital, who has been a mystery to himself and to the authorities, now believes he is Frank E. Dixon, son of a banker of Coon Rapids, Iowa.

The young man was found in a box car without marks of identification. He could not remember his name and so was turned over to the authorities here so that they could assist him in regaining his memory. Last night he dreamed that he had just received a letter on which the words, "Dixon, Coon Rapids, Iowa," appeared in gilt letters.

City Attorney Luke Howe referred to Bradstreet's and there found the name of A. Dixon, president of the Coon Rapids National bank. Telegrams were exchanged, and so it was fairly well established that the young man at the hospital is Frank E. Dixon.

The elder Dixon has wired that the young man be given every attention. It looks as if he were the victim of knock-out drops, and had been placed in a box car after having been robbed. The name Dixon seems familiar to him and he thinks it is his, but he cannot be certain until his brain has grown clearer.

RAILWAY WORK AT RICHMOND

Ties and Rails for East Shore
Road to be Laid This
Week.

RICHMOND, Oct. 23.—Work is now under way on the new Sixth street line of the East Shore & Suburban Railway. Poles have been laid along the proposed line and this week ties and rails will be put down. This cross line will extend from Ohio street down Sixth to the new plant of the Schoeck Furniture Company, in the West Richmond tract. After the completion of this new piece of road the Ohio street line west of Sixth street will be abandoned.

George E. Searey and Elmer E. Rouse, Richmond's two candidates for the office of tax collector on the Republican and Democratic tickets respectively, attended the barbecue, which was held at Torrey yesterday afternoon. Both returned to Richmond last evening.

WORK ON PLANT.
Work is being rapidly pushed on the plant of the Los Angeles Pressed Brick Company, yard No. 2. Though no machinery has yet arrived everything will be in readiness upon its arrival for its installation. When ready for operation this plant will have the greatest capacity of any brick manufactory in the State.

The residence which is being erected close to the site of the plant for Manager Chamberlain is nearing completion. Work is also under way on the big boarding house which is being erected for the employees of the concern.

Pearl Frisbie, the fellow who was arrested for beating his wife and mother-in-law has been turned loose by the officers on his own recognizance, and has been commanded to appear in the Recorder's Court for trial in ten days.

PERSONAL NOTES.
Dr. Evans filled the pulpit at the M. E. church last evening. He was greeted by a good audience and delivered an eloquent sermon. Stanley Vizelech, chief clerk in the

Don Morris says:

It is Cooper's All-Wool Underwear
I am Selling at \$1.15 per Garment

Some who read our previous 'ad' questioned if it was the genuine COOPER'S, saying they have worn it for years and never paid less than \$1.50. I am satisfied with small profits. I have many salesmen I must keep busy.
